## DEFINITIONS SECTION

Throughout this Certificate, many words are used which have a specific meaning when applied to your health care coverage. These terms will always begin with a capital letter. When you come across these terms while reading this Certificate, please refer to these definitions because they will help you understand some of the limitations or special conditions that may apply to your benefits. If a term within a definition begins with a capital letter, that means that the term is also defined in these definitions. All definitions have been arranged in ALPHABETICAL ORDER. Hereinafter, we refer to Blue Options PPO℠, BlueChoice Preferred PPO℠, and Blue PPO℠ networks collectively as the benefit program.

**A1C TESTING** – means blood sugar level testing used to diagnose prediabetes, type I diabetes, and type II diabetes, and to monitor management of blood sugar levels.

Ambulance Transportation provided for the convenience of you, your family/caregivers or Physician, or the transferring facility, is not considered Medically Necessary and is not covered under this Certificate.

**AMBULANCE TRANSPORTATION ELIGIBLE CHARGE** – means (i) for ambulance Providers that bill for Ambulance Transportation services through a Participating Hospital, the Ambulance Transportation Eligible Charge(s) will utilize the applicable ADP, and (ii) for all other ambulance Providers, the Ambulance Transportation Eligible Charge is such Provider's Billed Charges.

The ADP will often vary from Claim-to-Claim. The ADP applicable to a particular Claim for Covered

Blue Cross and Blue Shield of Illinois, a
Division of Health Care Service Corporation, a
Mutual Legal Reserve Company, an Independent
Licensee of the Blue Cross and Blue Shield Association

Services is the ADP, current on the date the Covered Service is rendered, which is relevant to the particular Claim. The ADP reflects Blue Cross and Blue Shield's reasonable estimate of average payments, discounts and/or other allowances that will result from its contracts with Hospitals and other facilities under circumstances similar to those involved in the particular Claim, reduced by an amount not to exceed 15% of such estimate, to reflect related costs. (See provisions of this Certificate regarding "Blue Cross and Blue Shield's Separate Financial Arrangements with Providers.") In determining the ADP applicable to a particular Claim, Blue Cross and Blue Shield will take into account differences among Hospitals and other facilities, Blue Cross and Blue Shield's contracts with Hospitals and other facilities, the nature of the Covered Services involved and other relevant factors. The ADP shall not apply to Eligible Charges when your benefits under this Certificate are secondary to Medicare and/or coverage under any other group program.

**MEDICARE ELIGIBLE COVERED PERSONS**

Blue Cross and Blue Shield of Illinois, a
Division of Health Care Service Corporation, a
Mutual Legal Reserve Company, an Independent
Licensee of the Blue Cross and Blue Shield Association

A series of federal laws collectively referred to as the “Medicare Secondary Payer” (MSP) laws regulate the manner in which certain employers may offer group health care coverage to Medicare eligible employees, spouses, and in some cases, dependent children. Reference to spouse under this section do not include a party to a Civil Union with the Eligible Person, the Domestic Partner (provided your employer covers Domestic Partners) of the Eligible Person or their children.

The statutory requirements and rules for MSP coverage vary depending on the basis for Medicare and employer group health plan (“GHP”) coverage, as well as certain other factors, including the size of the employers sponsoring the GHP.

In general, Medicare pays secondary to the following:

1. GHPs that cover individuals with end-stage renal disease (“ESRD”) during the first 30 months of Medicare eligibility or entitlement. This is the case regardless of the number of employees employed by the employer or whether the individual has “current employment status.”
2. In the case of individuals age 65 or over, GHPs of employers that employ 20 or more employees if that individual or the individual’s spouse (of any age) has “current employment status.” If the GHP is a multi-employer or multiple employer plan, which has at least one participating employer that employs 20 or more employees, the MSP rules apply even with respect to employers of fewer than 20 employees (unless the plan elects the small employer exception under the statute).
3. In the case of disabled individuals under age 65, GHPs of employers that employ 100 or more employees, if the individual or a member of the individual’s family has “current employee status”.

If the GHP is a multi-employer or multiple employer plan, which has at least one participating employer that employs 100 or more employees, the MSP rules apply even with respect to employers of fewer than 100 employees.

**Please see your employer or Group Administrator if you have any questions regarding the ESRD Primary Period or any other provisions of the MSP laws and their application to you, your spouse, or your dependents.**

**Your MSP Responsibilities**

In order to assist your employer in complying with MSP laws, it is very important that you promptly and accurately complete any requests for information from Blue Cross and Blue Shield and/or your employer regarding the Medicare eligibility of you, your spouse and covered dependent children. In addition, if you, your spouse or covered dependent child becomes eligible for Medicare, or has Medicare eligibility terminated or changed, please contact your employer or your Group Administrator promptly to ensure that your claims are processed in accordance with applicable MSP laws.

## UTILIZATION MANAGEMENT

Utilization management may be referred to as Medical Necessity reviews, utilization review (UR) or medical management reviews. A Medical Necessity review for a procedure/service, Inpatient admission, and length of stay is based on BCBSIL Medical Policy and/or level of care review criteria, Medical Necessary reviews may occur prior to services rendered, during the course of care, or after care has been completed for a Post-Service Medical Necessity Review. Some services may require a Prior Authorization before the start of services, while other services will be subject to a Post-Service Medical Necessity review. If requested, services normally subject to a Post-Service Medical Necessity review may be reviewed for Medical Necessity prior to the service through a Recommended Clinical Review as defined below.

### PRIOR AUTHORIZATION

Prior Authorization establishes in advance the Medical Necessity or Experimental/Investigational nature of certain care and services covered under this Plan. It ensures that the care and services for which you have obtained Prior Authorization will not be denied on the basis of Medical Necessity or Experimental/Investigational.

### PRIOR AUTHORIZATION RESPONSIBILITY

#### Participating Provider Prior Authorization

Your Participating Provider is responsible for obtaining Prior Authorization, in those circumstances where authorization may be required. If Prior Authorization is not obtained and the services are denied as not Medically Necessary, the Participating Provider will be held responsible and will not be able to bill the Member for the services.

For additional information about Prior Authorization for services outside of our service area, refer to the *Other Blue Cross and Blue Shield Plans Separate Financial Policies Compliance Disclosure Requirements Notice* in the **NOTICES** section of this Certificate.

**Note**: Providers that contract with other Blue Cross and Blue Shield Plans are not familiar with the Prior Authorization requirements of BCBSIL. Unless a Provider contracts directly with BCBSIL as a Participating Provider, the Provider is not responsible for being aware of this Plan's Prior Authorization requirements, except as described in the section "The BlueCard Program® in the General Provisions".

#### Non-Participating Provider Prior Authorization

If any Provider outside Illinois (except for those contracting as Participating Providers directly with BCBSIL) or any Non-Participating Provider recommends an Admission or a service that requires Prior Authorization, the Provider is not obligated to obtain the Prior Authorization for you. In such cases, it is your responsibility to ensure that Prior Authorization is obtained. If authorization is not obtained before services are received, you may be entirely responsible for the charges if determined not to be Medically Necessary. If the service is determined to be Medically Necessary, Out of-Network Benefits will apply. The Provider may call on your behalf, but it is your responsibility to ensure that BCBSIL is called.

Prior Authorization establishes in advance the Medical Necessity or Experimental/Investigational nature of certain care and services covered under this Plan. It ensures that the care and services for which you have obtained Prior Authorization will not be denied on the basis of Medical Necessity or Experimental/Investigational.

To determine if a specific service or category requires Prior Authorization, visit our website at www.bcbsil.com/find-care/where-you-go-matters/utilization-management for the required Prior Authorization list, which is updated when new services are added or when services are removed. You can also call Customer Service at the toll-free telephone number on the back of your Identification Card to determine if Prior Authorization is required and/or to request a Prior Authorization

#### Inpatient Admissions

Your Physician may need to obtain Prior Authorization from Blue Cross and Blue Shield for an Inpatient admission, if Inpatient admissions are identified as needing a Prior Authorization. In the case of an elective Inpatient admission, if services

Blue Cross and Blue Shield of Illinois, a
Division of Health Care Service Corporation, a
Mutual Legal Reserve Company, an Independent
Licensee of the Blue Cross and Blue Shield Association

require an authorization, it is recommended that the call for Prior Authorization should be made as far in advance as possible but minimally within three calendar days before you are admitted unless it would delay Emergency Care. In an emergency, it is recommended that notification should take place as soon as possible but minimally within one calendar day after admission, or as soon thereafter as reasonably possible.

Your Participating Provider is required to obtain Prior Authorization for Inpatient admissions that may require Prior Authorization. If Prior Authorization is not obtained for inpatient services and the services are denied as not Medically Necessary, the Participating Provider will be held responsible and will not be able to bill the Member for the services.

If the Physician or Provider of services is not a Participating Provider then you, your Physician, Provider of services, or an authorized representative should obtain Prior Authorization by the Plan by calling one of the toll-free numbers shown on the back of your identification card. The call should be made between 7:00 a.m. and 6:00 p.m. Central Time, on business days and 9:00 a.m. and 3:00 p.m. Central Time on Saturdays, Sundays and legal holidays. After working hours or on weekends, please call the toll-free telephone number listed on the back of your identification card. Your call will be recorded and returned the next working day. A benefits management nurse will follow up with your Provider's office. All timelines for Prior Authorization requirements are provided in keeping with applicable state and federal regulations.

Participating Provider Benefits will be available if you use a Participating Plan Provider or Participating Specialty Care Provider. If you elect to use Non-Participating Providers for services and supplies available from Participating Providers, Non-Participating Plan Benefits will be paid.

However, if care is not reasonably available from Participating Providers as defined by applicable law, and BCBSIL authorizes your visit to a Non-Participating Provider to be covered at the Participating Plan Benefit level **prior to the visit**, Participating Plan Benefits will be paid; otherwise, Non-Participating Plan Benefits will be paid.

When Prior Authorization of an Inpatient Hospital Admission is obtained, a length-of-stay is assigned. Your Provider may seek an extension for the additional days if you require a longer stay. Benefits will not be available for room and board charges for medically unnecessary days. For more information regarding lengths of stay, refer to the **Length of Stay/Service Review** subsection of this Certificate.

For Behavioral Health Inpatient Hospital Admissions please see **Contacting Behavioral Health** section below.

**Prior Authorization not Required for Maternity Care and Treatment of Breast Cancer Unless Extension of Minimum Length of Stay Requested**

Your Plan is required to provide a minimum length of stay in a Hospital facility for the following:

**1.** Maternity Care:

   a. 48 hours following an uncomplicated vaginal delivery.

   b. 96 hours following an uncomplicated delivery by caesarean section.

**2.** Treatment of Breast Cancer:

You or your Provider will not be required to obtain Prior Authorization from BCBSIL for a length of stay less than 48 hours (or 96 hours) for Maternity Care or less than 48 hours (or 24 hours) for Treatment of Breast Cancer. If you require a longer

You or your Provider will not be required to obtain Prior Authorization from BCBSIL for a length of stay less than 48 hours (or 96 hours) for Maternity Care or less than 48 hours (or 24 hours) for Treatment of Breast Cancer. If you require a longer stay, you, your authorized representative, or your Provider must seek an extension for the additional days by obtaining Prior Authorization from BCBSIL.

**FAILURE TO NOTIFY FOR INPATIENT SERVICES**

The final decision regarding your course of treatment is solely your responsibility and Blue Cross and Blue Shield will not interfere with your relationship with any Provider. However, Blue Cross and Blue Shield has established Prior Authorization requirements for the specific purpose of assisting you while you determine the course of treatment which will maximize your benefits provided under this Certificate.

Should you fail to notify Blue Cross and Blue Shield as required in the Inpatient Admissions provision of this section for Inpatient Covered Services received from a Participating Provider, you will then be responsible for the first $1,000 or 50%, whichever is less, of the Hospital or facility charges for an eligible stay or the first $1,000 or 50%, whichever is less, of the charges for eligible Covered Services in addition to any Deductibles, Copayments and/or Coinsurance applicable to this Certificate. For Inpatient Covered Services received from a Non-Participating Provider, you will be responsible for the first $500 should you fail to notify Blue Cross and Blue Shield in addition to any Deductibles, Copayments and/or Coinsurance applicable to this Certificate. This amount shall not be eligible for later consideration as an unreimbursed expense under any benefit section of this Certificate nor can it be applied to your out-of-pocket expense limit, if applicable to this Certificate.

**OUTPATIENT SERVICE PRIOR AUTHORIZATION REVIEW**

**If Prior Authorization is required, the review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate. BCBSIL recommends you confirm with your Provider if Prior Authorization has been obtained.**

There may be general categories of Covered Services that require Prior Authorization.

To determine if a specific service or category requires Prior Authorization, visit our website at www.bcbsil.com/find-care/where-you-go-matters/utilization-management for the required Prior Authorization list, which is updated when new services are added or when services are removed. You can also call Customer Service at the toll-free telephone number on the back of your identification card.

For Behavioral Health Outpatient Service review please see the **Contacting Behavioral Health** section below.

**CASE MANAGEMENT**

After your case has been evaluated, you may be assigned a case manager. In some cases, if your condition would require care in a Hospital or other health care facility, the case manager may recommend an alternative treatment plan. If you and your Physician choose the alternative treatment plan, then alternative benefits will be provided as described in this Certificate.

The case manager will continue to monitor your case for the duration of your condition. The total maximum payment for alternative services shall not exceed the total benefits for which you would otherwise be entitled under this Certificate.

Provision of alternative benefits in one instance shall not result in an obligation to provide the same or similar benefits in any other instance. In addition, the provision of alternative benefits shall not be construed as a waiver of any of the terms, conditions, limitations, and exclusions of this Certificate.

**LENGTH OF STAY/SERVICE REVIEW**

**Length of stay/service review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate, if any.**

**Upon completion of the Inpatient, or emergency admission review, Blue Cross and Blue Shield will send a letter to you, your Physician, Provider of services, Behavioral Health Practitioner and/or the Hospital or facility with a determination on the approved length of service or length of stay.**

An extension of the length of stay/service will be based solely on whether continued Inpatient care or other health care service is Medically Necessary. In the event that the extension is determined not to be Medically Necessary, the length of stay/service will not be extended, and the case will be referred to a Blue Cross and Blue Shield Physician for review.

A length of stay/service review, also known as a concurrent Medical Necessity review, is when you, your Provider, or other authorized representative may submit a request to the plan for continued services. If you, your Provider or authorized representative requests to extend care beyond the approved time limit and it is a request involving urgent care or an Ongoing Course of Treatment, the plan will make a determination on the request/appeal as soon as possible but no later than 72 hours after it receives the initial request, or within 48 hours after it receives the missing information (if the initial request is incomplete).

**RECOMMENDED CLINICAL REVIEW**

Some services that do not require Prior Authorization may be subject to review for evidence of Medical Necessity for coverage determinations that may occur prior to services rendered, during the course of care or after care has been completed for a Post-Service Medical Necessity Review.

A Recommended Clinical Review is a Medical Necessity review for a Covered Service that occurs before services are completed and helps limit the situations where you have to pay for a non-approved service. BCBSIL will review the request to determine if it meets approved BCBSIL medical policy and/or level of care review criteria for medical and behavioral health services. Once a decision has been made on the services reviewed as part of the Recommended Clinical Review process, they will not be reviewed for Medical Necessity again on a retrospective basis. Submitted services (subject to Medical Necessity review) not included as part of Recommended Clinical Review may be reviewed retrospectively.

To determine if a Recommended Clinical Review is available for a specific service, visit our website at www.bcbsil.com/find-care/where-you-go-matters/utilization-management for the Required Prior Authorization and Recommended Clinical Review list, which is updated when new services are added or when services are removed. You can also call Customer Service at the toll-free telephone number on the back of your Identification Card. You or your Provider may request a Recommended Clinical Review.

**Recommended Clinical Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions under this Certificate. Please coordinate with your Provider to submit a written request for Recommended Clinical Review.**

**CONTACTING BEHAVIORAL HEALTH**

You, your Physician or Provider of services or your authorized representative may contact BCBSIL for a Prior Authorization or Recommended Clinical Review by calling the toll-free number shown on the back of your Identification Card and follow the prompts to the Behavioral Health Unit. During regular business hours (8:00 a.m. and 6:00 p.m., Central Time, on business days), the caller will be routed to the appropriate behavioral health clinical team for review. Outpatient requests should be requested during regular business hours. After 6:00 p.m., on weekends, and on holidays, the same behavioral health line is answered by clinicians available for Inpatient acute reviews only. Requests for residential or Partial Hospitalization are reviewed only during regular business hours.

**General Provisions Applicable to All Recommended Clinical Review**

1. **No Guarantee of Payment**

A Recommended Clinical Review is not a guarantee of benefits or payment of benefits by the plan. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate. Even if the service has been approved on Recommended Clinical Review, coverage or payment can be affected for a variety of reasons. For example, the member may have become ineligible as of the date of service or the member's benefits may have changed as of the date of service.

Blue Cross and Blue Shield of Illinois, a
Division of Health Care Service Corporation, a
Mutual Legal Reserve Company, an Independent
Licensee of the Blue Cross and Blue Shield Association

### 2. Request for Additional Information

The Recommended Clinical Review process may require additional documentation from the member's health care Provider or pharmacist. In addition to the written request for Recommended Clinical Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the proposed services, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by the plan to make a determination of coverage pursuant to the terms and conditions of this Certificate.

**Post-Service Medical Necessity Review**

A Post-Service Medical Necessity Review, sometimes referred to as a retrospective review or Post-Service Claims request, is the process of determining coverage after treatment has been provided and is based on Medical Necessity guidelines. A Post-Service Medical Necessity Review confirms member eligibility, availability of benefits at the time of service, and reviews necessary clinical documentation to ensure the service was Medically Necessary. Providers should submit appropriate documentation at the time of a Post-Service Medical Necessity Review request. A Post-Service Medical Necessity Review may be available when a Prior Authorization or Recommended Clinical Review was not obtained prior to services being rendered.

**General Provisions Applicable to All Post-Service Medical Necessity Reviews**

### 1. No Guarantee of Payment

A Post-Service Medical Necessity Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate. Post-Service Medical Necessity Review does not guarantee payment of benefits by the plan, for instance a member may become ineligible as of the date of service or the member's benefits may have changed as of the date of service.

### 2. Request for Additional Information

The Post-Service Medical Necessity Review process may require additional documentation from the member's health care Provider or pharmacist. In addition to the written request for Post-Service Medical Necessity Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the services rendered, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by the plan to make a determination of coverage pursuant to the terms and conditions of this Certificate.

**MEDICALLY NECESSARY DETERMINATION**

The decision that Inpatient care or other health care services or supplies are not Medically Necessary will be based on generally accepted medical standards. Should the Blue Cross and Blue Shield Physician concur that the Inpatient care or other health care services or supplies are not Medically Necessary, written notification of the decision will be provided to you, your Physician, and/or the Hospital or other Provider, and will specify the dates or services that are not in benefit. For further details regarding Medically Necessary care and other exclusions from coverage under this Certificate, see the section entitled, "**EXCLUSIONS — WHAT IS NOT COVERED**."

**Blue Cross and Blue Shield does not determine your course of treatment or whether you receive particular health care services. The decision regarding the course of treatment and receipt of particular health care services is a matter entirely between you and your Physician. Blue Cross and Blue Shield's determination of Medically Necessary care is limited to merely whether a proposed admission, continued hospitalization or other health care service is Medically Necessary under this Certificate.**

**Remember that your Blue Cross and Blue Shield Certificate does not cover the cost of hospitalization, or any health care services and supplies that are not Medically Necessary. The fact that your Physician or another health care Provider may prescribe, order, recommend or approve a Hospital stay or other health care service or supply does not of itself make such hospitalization, service or supply Medically Necessary. Even if your Physician prescribes, orders, recommends, approves, or views hospitalization or other health care services or supplies as Medically Necessary, Blue Cross and Blue Shield will not pay for the hospitalization, services or supplies if Blue Cross and Blue Shield and the Blue Cross and Blue Shield Physician decide they were not Medically Necessary.**

## APPEAL PROCEDURE

If you or your Physician, or Provider of health services, or Behavioral Health Practitioner disagree with the determination of Blue Cross and Blue Shield prior to or while receiving services, you may appeal that decision by contacting Blue Cross and Blue Shield or the Blue Cross and Blue Shield Medical Director.

In some instances, the resolution of the appeal process will not be completed until your admission or service has occurred and/or your assigned length of stay/service has elapsed. If you disagree with a decision after claim processing has taken place or upon receipt of the notification letter from Blue Cross and Blue Shield, you may appeal that decision by having your Physician, or Provider of health services, or Behavioral Health Practitioner call the contact person indicated in the notification letter or by submitting a written request to:

## THE PARTICIPATING PROVIDER OPTION

Your employer has chosen Blue Cross and Blue Shield's Participating Provider Option for the administration of your Hospital and Physician benefits and all other Covered Services that provides you access to independently contracted Providers participating in the PPO network shown on the Benefit Highlights (the "Network"). The Participating Provider Option is a program of health care benefits designed to provide you with economic incentives for using designated Participating Providers.

As a participant in the Participating Provider Option a directory of Participating Providers is available to you. You can visit the Blue Cross and Blue Shield of Illinois website at www.bcbsil.com for a list of independently contracted Participating Hospitals, Professional Providers, Pharmacies and Dentists. While there may be changes in the directory from time to time, selection of Participating Providers by Blue Cross and Blue Shield will continue to be based upon the range of services, geographic location and cost-effectiveness of care. Notice of changes in the Network will be provided to your Group Administrator annually, or as otherwise required, to allow you to make selection within the Network. However, you are urged to check with your Provider before undergoing treatment to make certain of its participation status. Although you can go to the Hospital or Professional Provider of your choice, benefits under the Participating Provider Option will be greater when you use the services of a Participating Provider.

Before reading the description of your benefits, you should understand the terms "Benefit Period" and "Deductible" as defined below.

### YOUR BENEFIT PERIOD

Your Benefit Period is a period of one year. When you first enroll under this coverage, your first Benefit Period begins on your Coverage Date, and ends on the first December 31st following that date.

### YOUR DEDUCTIBLE

Each Benefit Period you must satisfy the Deductible amount(s) specified in the Benefit Highlights of this Certificate for Covered Services. In other words, after you have Claims for Covered Services for more than the Deductible amount in a Benefit Period, your benefits will begin. This Deductible will be referred to as the program Deductible.

Each time you are admitted to a Hospital or Non- Plan Hospital, you must satisfy the Inpatient Copayment amount (if applicable) specified in the Benefit Highlights of this Certificate. This Copayment is in addition to your program Deductible.

Each time you receive Covered Services for Outpatient Surgery in a Hospital or Non-Plan Hospital, you must satisfy the Outpatient Surgical Deductible amount (if applicable) specified in the Benefit Highlights of this Certificate. This Deductible is in addition to your program Deductible.

If you have Family Coverage and your family has satisfied the family Deductible amount specified in the Benefit Highlights of this Certificate, it will not be necessary for anyone else in your family to meet a program Deductible in that Benefit Period. That is, for the remainder of that Benefit Period, no other family members will be required to meet the program Deductible before receiving benefits.

**Should the federal government adjust the Deductible(s) and/or out-of-pocket expense limit amount(s) applicable to this type of coverage, the Deductible and/or the out-of-pocket expense limit amount(s) in this Certificate will be adjusted accordingly.**

In any case, should two or more members of your family ever receive Covered Services as a result of injuries received in the same accident, only one program Deductible will be applied against those Covered Services.

When your Group initially purchased this coverage, if you were a member of the Group at that time you are entitled to a special credit toward your Participating Provider program Deductible and/or out-of-pocket expense limit for the first Benefit Period. This special credit applies to eligible expenses incurred for Covered Services within the prior contract's Benefit Period, if not completed. Such expenses can be applied toward the Participating Provider program Deductible and/or out-of-pocket expense limit for the first Benefit Period under this coverage. However, this is only true if your Group had "major medical" type coverage immediately prior to purchasing this coverage.

### TRANSITION OF CARE BENEFITS

If you are a new covered person and you are receiving care for a condition that requires an Ongoing Course of Treatment or if you have entered into the second or third trimester of pregnancy, and your Physician does not belong to the Network,

Blue Cross and Blue Shield of Illinois, a
Division of Health Care Service Corporation, a
Mutual Legal Reserve Company, an Independent
Licensee of the Blue Cross and Blue Shield Association

but is within the Network's service area, you may request the option of transition of care benefits. Blue Cross and Blue Shield may authorize transition of care benefits for a period up to 90 days from the effective date of enrollment. Authorization of benefits is dependent on the Physician's agreement to contractual requirements and submission of a detailed treatment plan. A written notice of Blue Cross and Blue Shield's determination will be sent to you.

If you are a current covered person under the care of a Participating Provider and you are receiving care for a condition that requires an Ongoing Course of Treatment or if you have entered into the second or third trimester of pregnancy and your Provider leaves the Network, you may request the option of continuity of care benefits as described in the Continuity of Care provision in the COVERAGE AND PREMIUM INFORMATION Section of this Certificate.

You must submit a written request to Blue Cross and Blue Shield for continuity of care benefits after receiving notification of your Provider's termination. Blue Cross and Blue Shield may authorize continuity of care benefits for a period up to 90 days from the date of the notice to the covered person of the Provider's termination from the Network. Authorization of benefits is dependent on the Physician's agreement to contractual requirements and submission of a detailed plan. A written notice of Blue Cross and Blue Shield's determination will be sent to you.

## HOSPITAL BENEFIT SECTION

Expenses for Hospital care are usually the biggest of all health care costs. Your Hospital benefits will help ease the financial burden of these expensive services. This section of your Certificate tells you what Hospital services are covered and how much will be paid for each of these services.

The benefits of this section are subject to all of the terms and conditions of this Certificate. Please refer to the **DEFINITIONS**, **ELIGIBILITY** and **EXCLUSIONS** sections of this Certificate for additional information regarding any limitations and/or special conditions pertaining to your benefits.

In addition, the benefits described in this section will be provided only when you receive services on or after your Coverage Date and they are rendered upon the direction or under the direct care of your Physician. Such services must be Medically Necessary and regularly included in the Provider's charges.

The level of benefits paid for Hospital Covered Services is generally greater when received in a Plan Hospital or other Plan facility.

5. The removal of breast implants when the removal of the implants is a Medically Necessary treatment for a sickness or injury. **TELEHEALTH and TELEMEDICINE SERVICES**

Telehealth and Telemedicine Services are covered, as defined in the BENEFIT HIGHLIGHTS section of this booklet.

**VIRTUAL VISITS**

Benefits will be provided for Covered Services described in this Certificate for the diagnosis and treatment of non-emergency medical and behavioral health injuries or illnesses in situations when a Virtual Provider determines that such diagnosis and treatment can be conducted without an in-person primary care office visit, convenient care, urgent care, emergency room or behavioral health office visit. Covered Services received through a Virtual Visit must be rendered by a Virtual Provider who has a specific agreement with Blue Cross and Blue Shield to provide Virtual Visits.

Benefits for such Covered Services will only be provided if you receive them via consultation with a Virtual Provider who has a specific written agreement with Blue Cross and Blue Shield to provide Virtual Visits to you at the time services are rendered. For more information about this benefit, you may visit our website at www.bcbsil.com or call customer service at the number on the back of your identification card.

Benefits for Covered Services you receive during a Virtual Visit will be provided at the payment level shown on the Benefit Highlights page of this Certificate. Benefits will not be provided for services you receive through an interactive audio or interactive audio/video communication from a Provider who does not have a specific agreement with Blue Cross and Blue Shield to provide Virtual Visits.

Note: not all medical or behavioral health conditions can be appropriately treated through Virtual Visits. The Virtual Provider will identify any condition for which treatment by an in-person Provider is necessary.

**OUTPATIENT INFUSION THERAPY SERVICES**

Some Outpatient infusion services for routine maintenance drugs have been identified as being safely administered, outside of an outpatient Hospital setting. Members' out of pocket expenses may be lower when Covered Services are provided in an infusion suite, a home, or an office instead of a Hospital. Non-maintenance Outpatient infusion therapy services will be covered the same as any other illness. The Schedule Page describes payment for Infusion Services. For the purpose of this section, an Infusion Suite is an alternative to Hospital and clinic-based infusion settings where specialty medications can be infused.

**PAYMENT PROVISIONS**

**Lifetime Maximum**

The total dollar amount that will be available in benefits for you, under this Certificate, is unlimited.

**Cumulative Benefit Maximums**

All benefits payable under this Certificate are cumulative. Therefore, in calculating the benefit maximums payable for a particular Covered Service, Blue Cross and Blue Shield will include benefit payments under both this and/or any prior or subsequent Blue Cross and Blue Shield Certificate issued to you as an Eligible Person or a dependent of an Eligible Person under this Group.

If you are an Inpatient at the time your coverage under this Certificate is terminated, benefits will be provided for, and limited to, the Covered Services of this Certificate which are rendered by and regularly charged by a Hospital, Skilled Nursing Facility, Substance Use Disorder Treatment Facility, a Residential Treatment Facility, Partial Hospitalization Treatment Program or Coordinated Home Care Program. Benefits will be provided until you are discharged or until the end of your Benefit Period, whichever occurs first.

**CONTINUITY OF CARE**

If you are a covered person under the care of a Participating Provider who stops participating in the Participating Provider Network (for reasons other than termination of a contract in situations involving imminent harm to a patient or a final disciplinary action by State licensing board), and the Provider remains within the network service area and your Provider agrees you may be able to continue receiving Covered Services with that Provider, at the Participating Provider benefit level, for the following:

3. An Ongoing Course of Treatment for the second and third trimester of pregnancy through the postpartum period; or

Continuity coverage described in this provision shall continue until the treatment is complete but will not extend for more than ninety (90) days from the date of the notice to the covered person of the Provider's disaffiliation from the Network, or if the covered person has entered the second or third trimester of pregnancy at the time of the Provider's disaffiliation, a period that includes the provision of post-partum care directly related to the delivery.

**How the Vision Care Plan Works**

Under the vision care plan option, you may visit any Provider and receive benefits for covered vision services and materials. In order to maximize benefits, however, you must purchase them from a Participating Vision Provider.

Before you go to a Participating Vision Provider for an eye examination, eyeglasses, or contact lenses, please call ahead for an appointment. When you arrive, show the receptionist your identification card. If you forget to take your card, be sure to say that you are a member of the Blue Cross and Blue Shield vision care plan so that your eligibility can be verified.

To locate a Participating Vision Provider, visit the EyeMed Vision Care, LLC (EyeMed)'s website at www.eyemed.com and use the Find a Provider link (choose the Select network for your search), or call 1-844-684-2254.

Questions about services covered under the vision care plan, Participating Vision Providers, or about benefits provided or denied under the plan can be directed to EyeMed seven days a week, Monday through Saturday 6:30 A.M. to 10:00 P.M., and Sunday 10:00 A.M. to 7:00 P.M. (Central Time) at 1-844-684-2254. An Interactive Voice Response unit is also available outside normal business operating hours. (Please direct member enrollment, termination, and other subscriber or dependent eligibility questions to Blue Cross and Blue Shield of Illinois-not to EyeMed.) Members using a TTY (Teletypewriter) because of a hearing or speech disability may access TTY services through calling or using a TTY machine to engage an operator

at 711 and asking the operator to call EyeMed at 1-844-230-6498. Customer service hours and operations are subject to change without notice.

If you obtain glasses or contacts from a Non-Participating Vision Provider, you must pay the Provider in full and submit a claim for reimbursement (see **HOW TO FILE A CLAIM** for more information).

You may receive your eye examination and eyeglasses/contacts on different dates or through different provider locations, if desired. However, complete eyeglasses must be obtained at one time, from one Provider. Continuity of care will best be maintained when all available services are obtained at one time from one Participating Vision Provider and there may be additional professional charges if you seek contact lenses from a Provider other than the one who performed your eye examination.

Fees charged for services other than a covered vision examination or covered Vision Materials and amounts in excess of those payable for *Pediatric Vision Care,* must be paid in full by you to the Provider, whether or not the Provider participates in the vision care plan network. Benefits for *Pediatric Vision Care* may not be combined with any discount, promotional offering, or other group benefit plans. Allowances are one time use benefits; no remaining balances are carried over to be used later.

**ABOUT YOUR BENEFITS**

**Drug List**

Drugs listed on the Drug List are selected by Blue Cross and Blue Shield based upon the recommendations of a committee, which is made up of current and previously practicing Physicians and pharmacists from across the country, some of whom are employed by or affiliated with Blue Cross and Blue Shield. The committee considers existing drugs approved by the FDA, as well as those newly FDA approved for inclusion on the Drug List. Entire drug classes are also regularly reviewed. Some of the factors committee members evaluate include each drug's safety, effectiveness, cost and how it compares with drugs currently on the Drug List.

Positive changes (e.g., adding drugs to the Drug List or drugs moving to a lower payment tier) occur quarterly after review by the committee. Changes to the Drug List that could have an adverse financial impact to you (i.e., drug exclusion, drug moving to a higher payment tier, or drugs requiring step therapy or Prior Authorization) occur quarterly or annually. However, when there has been a pharmaceutical manufacturer recall or other safety concern, changes to the Drug List may occur more frequently.

The Drug List and any modifications will be made available to you. By accessing the Blue Cross and Blue Shield website at www.bcbsil.com or calling the customer service toll-free number on your identification card, you will be able to determine the Drug List that applies to you and whether a particular drug is on the Drug List.

You, your prescribing health care Provider (your “prescriber”), or your authorized representative, can ask for the *Drug List,* if your drug is not on (or is being removed from) the *Drug List* or the drug required as part of step therapy or dispensing limits has been found to be (or is likely to be) not right for you or does not work as well in treating your condition. To request this exception, you, your prescriber, or your authorized representative, can call the number on the back of your identification card to ask for a review. Blue Cross and Blue Shield will let you; your prescriber or authorized representative know the coverage decision within 72 hours after they receive your request. If the coverage request is denied, Blue Cross and Blue Shield will let you, your prescriber, or your authorized representative know why it was denied and offer you a covered alternative drug (if applicable). If your exception is denied, you may appeal the decision according to the appeals process you will receive with the denial determination.

If you have a health condition that may jeopardize your life, health or keep you from regaining function, or your current drug therapy uses a non-covered drug your prescriber or may be able to ask for an expedited review process by marking the review as an urgent request. Blue Cross and Blue Shield will let you, your prescriber, or authorized representative know the coverage decision within 24 hours after they receive your request for an expedited review. If the coverage request is denied, Blue Cross and Blue Shield will let you, your prescriber, or your authorized representative know why it was denied and offer you a covered alternative drug (if applicable). If your exception is denied, you may appeal the decision according to the appeals and external exception review process you will receive with the denial determination. Call the number on the back of your identification card if you have any questions.

To the extent required by law, and subject to change as described above, all Covered Drugs indicated for the treatment of Substance Use Disorders are subject to the lowest Coinsurance Amount/Copayment Amount for a Generic Drug, Brand Name Drugs or Specialty Drugs, as applicable.

**Prior Authorization/Step Therapy Requirement**

When certain medications and drug classes, such as medications used to treat rheumatoid arthritis, growth hormone deficiency, and hepatitis C are prescribed, your Physician will be required to obtain authorization from Blue Cross and Blue Shield in order for your medication to be eligible for benefits. Medications included in this program are subject to change and other medications for other conditions may be added to the program. Although you may currently be on therapy, your claim may need to be reviewed to see if the criteria for coverage of further treatment has been met. A documented treatment with a generic or brand therapeutic alternative medication may be required for continued coverage of the brand name medication.

Blue Cross and Blue Shield or its prescription drug administrator will send a questionnaire to your Physician upon your or your Pharmacy's request. The questionnaire must be returned to the prescription drug administrator who will review the questionnaire and determine whether the reason for the prescription meets the criteria for Medically Necessary care. You and your Physician will be notified of the prescription drug administrator's determination. Coverage will only be provided for Medically Necessary care. Although you are not required to obtain authorization prior to purchasing the medication, you are strongly encouraged to do so, to help you and your doctor factor your cost into your treatment decision. If criteria for Medical Necessity is not met, coverage will be denied, and you will be responsible for the full charge incurred.

To find out more about Prior Authorization/step therapy requirements or to determine which drugs or drug classes require Prior Authorization or step therapy, you should refer to the *Drug List* by accessing the Blue Cross and Blue Shield website at www.bcbsil.com or call the customer service toll-free number on your identification card. Please see the "*Drug List"* provision for more information about changes to the programs.

Step therapy programs do not apply to prescription drug treatment for the treatment of Stage-Four Advanced, Metastatic Cancer. Coverage for prescription drug treatment for Stage-Four Advanced, Metastatic Cancer do not require you to fail to successfully respond to a different drug or provide a history of failure of a different drug, before providing coverage of a prescription drug. This applies only to a prescription drug treatment that is consistent with best practices for the treatment of Stage-Four Advanced, Metastatic Cancer; supported by peer-reviewed, evidence-based literature; and approved by the United States Food and Drug Administration.

In addition to the **DEFINITIONS** of this Certificate, the following definitions are applicable to this provision:

1. "Stage-Four Advanced, Metastatic Cancer" means a cancer that has spread from the primary or original site of the cancer to nearby tissues, lymph nodes, or other areas or parts of the body.

**Dispensing Limits**

If a Prescription Order is written for a certain quantity of medication to be taken in a time period directed by a Health Care Practitioner, coverage will only be provided for a clinically appropriate pre-determined maximum quantity of medication for the specified amount of time. Dispensing limits are based upon FDA dosing recommendations and nationally recognized clinical guidelines.

The maximum quantity of a given prescription drug means the number of units to be dispensed and is determined based on pertinent medical information and clinical efficacy and safety. Quantities of some drugs are restricted regardless of the quantity ordered by the Health Care Practitioner. However, benefits for prescription inhalants will not be restricted on the number of days before an inhaler refill may be obtained. To determine if a specific drug is subject to this limitation, you can refer to the *Drug List* by accessing the Blue Cross and Blue Shield website at www.bcbsil.com or call the customer service toll-free number on your identification card.

If you require a Prescription Order in excess of the dispensing limit established by Blue Cross and Blue Shield, ask your Health Care Practitioner to submit a request for clinical review on your behalf. The request will be approved or denied after evaluation of the submitted clinical information. Dispensing limits may change from time to time. ## EXCLUSIONS—WHAT IS NOT COVERED

Expenses for the following are not covered under your Benefit Program:

**1. Hospitalization, or health care services and supplies which are not Medically Necessary.**
No benefits will be provided for services which are not Medically Necessary. Medically Necessary means that a specific medical, health care, supply or Hospital service is required, for the treatment or management of a medical symptom or condition and that the service, supply, or care provided is the most efficient and economical service which can safely be provided.

The fact that your Physician may prescribe, order, recommend, approve, or view hospitalization or other health care services and supplies as Medically Necessary does not make the hospitalization, services or supplies Medically Necessary and does not mean that Blue Cross and Blue Shield will pay the cost of the hospitalization, services, or supplies.

Blue Cross and Blue Shield will make the initial decision whether hospitalization or other health care services or supplies were not Medically Necessary. In most instances this initial decision is made by Blue Cross and Blue Shield **AFTER YOU HAVE BEEN HOSPITALIZED OR HAVE RECEIVED OTHER HEALTH CARE SERVICES OR SUPPLIES AND AFTER A CLAIM FOR PAYMENT HAS BEEN SUBMITTED**. In making decisions of whether the hospitalization or other health care service(s) or supply(ies) are not Medically Necessary, and therefore not eligible for payment under the terms of your Certificate, Blue Cross and Blue Shield will take into account the information submitted to Blue Cross and Blue Shield by the member's Provider(s), including any consultations with such Providers(s).

Hospitalization or other health care is not Medically Necessary when, applying the definition of Medical Necessity to the circumstances surrounding the hospitalization or other health care, it is determined that, the medical services provided did not require an acute Hospital Inpatient (overnight) setting, but could have been provided in a Physician's office, the Outpatient department of a Hospital or some other setting without adversely affecting the patient's condition.

If your Claim for benefits is denied on the basis that the services or supplies were not Medically Necessary, and you disagree with Blue Cross and Blue Shield's initial decision, your Certificate provides for an appeal of that decision. You must exercise your right to this appeal as a precondition to the taking of any further action against Blue Cross and Blue Shield, either at law or in equity. To initiate your appeal, you must give Blue Cross and Blue Shield written notice of your intention to do so as described in the **HOW TO FILE A CLAIM** section of this Certificate.

Below are some examples, not an exhaustive list, of hospitalization or other health care services and supplies that are not Medically Necessary:

1. Hospital admissions for or consisting primarily of observation and/or evaluation that could have been provided safely and adequately in some other setting, e.g., a Physician's office or Hospital Outpatient department.
2. Hospital admissions primarily for diagnostic studies (x-ray, laboratory and pathological services and machine diagnostic tests) which could have been provided safely and adequately in some other setting, e.g., Hospital Outpatient department or Physician's office.
3. Continued Inpatient Hospital care, when the patient's medical symptoms and condition no longer require their continued stay in a Hospital.
4. Hospitalization or admission to a Skilled Nursing Facility, nursing home or other facility for the primary purposes of providing Custodial Care Service, convalescent care, rest cures or domiciliary care to the patient.
5. Hospitalization or admission to a Skilled Nursing Facility for the convenience of the patient or Physician or because care in the home is not available or is unsuitable.
6. The use of skilled or private duty nurses to assist in daily living activities, routine supportive care or to provide services for the convenience of the patient and/or his family members.
7. Any related services to a non-covered service except for routine patient care for participants in an Approved Clinical Trial. Related services are:
    a. Services in preparation for the non-covered service.
    b. Services in connection with providing the non-covered service.
    c. Hospitalization required to perform the non-covered service; or

d. Services that are usually provided following the non-covered service, such as follow up care or therapy after surgery.

These are just some examples, not an exhaustive list, of hospitalizations or other services and supplies that are not Medically Necessary.

Certain services are covered pursuant to Blue Cross and Blue Shield medical policies and clinical procedure and coding policies, which are updated throughout the plan year. The medical policies are guides considered by Blue Cross and Blue Shield when making coverage determinations and lay out the procedure and criteria to determine whether a service, treatment, facility, equipment, drug or device is Medically Necessary and is eligible as a Covered Service or is an exclusion under this Certificate as set forth in this section, *Exclusions—What Is Not Covered*. The clinical procedure and coding policies provide information about what services are reimbursable under the benefit plan. The most up-to-date medical and clinical procedure and coding policies are available at www.bcbsil.com, or by calling the phone number on the back of your identification card.

In most instances the decision whether hospitalization or other health care services or supplies were Medically Necessary will be made **AFTER YOU HAVE BEEN HOSPITALIZED OR HAVE RECEIVED OTHER HEALTH CARE SERVICES OR SUPPLIES AND AFTER A CLAIM FOR PAYMENT HAS BEEN SUBMITTED**.

The fact that your Physician may prescribe, order, recommend, approve or view hospitalization or other health care services and supplies as Medically Necessary does not make the hospitalization, services or supplies Medically Necessary and does not mean that Blue Cross and Blue Shield will pay the cost of the hospitalization, services or supplies.

If your Claim for benefits is denied on the basis that the services or supplies were not Medically Necessary, and you disagree with Blue Cross and Blue Shield's decision, your Policy provides for an appeal of that decision. You must exercise your right to appeal as a precondition to the taking of any further action against Blue Cross and Blue Shield, either at law or in equity. To initiate your appeal, you must give Blue Cross and Blue Shield written notice of your intention to do so within 180 days after you have been notified that your Claim has been denied by writing to:

## COORDINATION OF BENEFITS SECTION

Coordination of Benefits (COB) applies to this Benefit Program when you or your covered dependent has health care coverage under more than one Benefit Program. COB does not apply to the Outpatient Prescription Drug Program Benefit Section.

The order of benefit determination rules should be looked at first. Those rules determine whether the benefits of this Benefit Program are determined before or after those of another Benefit Program. The benefits of this Benefit Program:

1. Shall not be reduced when, under the order of benefit determination rules, this Benefit Program determines its benefits before another Benefit Program; but
2. May be reduced when, under the order of benefits determination rules, another Benefit Program determines its benefits first. This reduction is described below in "When this Benefit Program is a Secondary Program."

In addition to the Definitions Section of this Certificate, the following definitions apply to this section:

ALLOWABLE EXPENSE – means a Covered Service, when the Covered Service is covered at least in part by one or more Benefit Program covering the person for whom the claim is made.

The difference between the cost of a private Hospital room and the cost of a semi-private Hospital room is not considered an Allowable Expense under this definition unless your stay in a private Hospital room is Medically Necessary either in terms of generally accepted medical practice, or as specifically defined in the Benefit Program.

When a Benefit Program provides benefits in the form of services, the reasonable cash value of each service rendered will be considered both an Allowable Expense and a benefit paid.

BENEFIT PROGRAM – means any of the following that provides benefits or services for, or because of, medical or dental care or treatment:

1. Individual or group insurance or group-type coverage, whether insured or uninsured. This includes prepayment, group practice or individual practice coverage. It also includes coverage other than school accident- type coverage.
2. Coverage under a governmental plan, or coverage required or provided by law. This does not include a state plan under Medicaid (Title XIX of the Social Security Act).

Each contract or other arrangement under (1) or (2) above is a separate benefit program. Also, if an arrangement has two parts and COB rules apply only to one of the two, each of the parts is a separate Benefit Program.

CLAIM DETERMINATION PERIOD – means a calendar year. However, it does not include any part of a year during which a person has no coverage under this Benefit Program, or any part of a year before the date this COB provision or a similar provision takes effect.

PRIMARY PROGRAM or SECONDARY PROGRAM – means the order of payment responsibility as determined by the order of benefit determination rules.

When this Benefit Program is the Primary Program, its benefits are determined before those of the other Benefit Program and without considering the other program's benefits.

When this Benefit Program is a Secondary Program, its benefits are determined after those of the other Benefit Program and may be reduced because of the other program's benefits.

When there are more than two Benefit Programs covering the person, this Benefit Program may be a Primary Program as to one or more other programs and may be a Secondary Program as to a different program or programs.

**ORDER OF BENEFIT DETERMINATION**

When there is a basis for a Claim under this Benefit Program and another Benefit Program, this Benefit Program is a Secondary Program that has its benefits determined after those of the other program, unless:

1. The other Benefit Program has rules coordinating its benefits with those of this Benefit Program; and
2. Both those rules and this Benefit Program's rules, described below, require that this Benefit Program's benefits be determined before those of the other Benefit Program.

This Benefit Program determines its order of benefit payments using the first of the following rules that applies:

1. Non-Dependent or Dependent

   The benefits of the Benefit Program that covers the person as an employee, member or subscriber (that is, other than a dependent) are determined before those of the Benefit Program that covers the person as dependent; except that, if the person is also a Medicare beneficiary, Medicare is:

   a. Secondary to the Benefit Program covering the person as a dependent; and

   b. Primary to the Benefit Program covering the person as other than a dependent, for example a retired employee.

2. Dependent Child if Parents are not Separated or Divorced

   Except as stated in rule 3 below, when this Benefit Program and another Benefit Program cover the same child as a dependent of different persons, (i.e., "parent"):

   a. The benefits of the program of the parent whose birthday (month and day) falls earlier in a calendar year are determined before those of the program of the parent whose birthday falls later in that year; but

   b. If both parents have the same birthday, the benefits of the Benefit Program that covered the parents longer are determined before those of the Benefit Program that covered the other parent for a shorter period of time.

However, if the other Benefit Program does not have this birthday-type rule, but instead has a rule based upon gender of the parent, and if, as a result, the Benefit Programs do not agree on the order of benefits, the rule in the other Benefit Program will determine the order of benefits.

3. Dependent Child if Parents Separated or Divorced

   If two or more Benefit Programs cover a person as a dependent child of divorced or separate parents, benefits for the child are determined in this order:

   a. First, the program of the parent with custody of the child.

   b. Then, the program of the spouse of the parent with custody of the child; and

   c. Finally, the program of the parent not having custody of the child.

However, if the specific terms of a court decree state that one of the parents is responsible for the health care expenses of the child, and the entity obligated to pay or provide the benefits of the program of that parent has actual knowledge of those terms, the benefits of that program are determined first. The program of the other parent shall be the Secondary Program. This does not apply with respect to any Claim Determination Period or Benefit Program year during which any benefits are actually paid or provided before the entity has that actual knowledge. It is the obligation of the person claiming benefits to notify Blue Cross and Blue Shield and, upon its request, to provide a copy of the court decree.

4. Dependent Child if Parents Share Joint Custody

   If the specific terms of a court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the Benefit Programs covering the child shall follow the order of benefit determination rules outlined in 2 above.

5. Young Adult as a Dependent

   For a dependent child who has coverage under either or both parents' plans and also has his/her own coverage as a dependent under a spouse's plan, rule 8, "Length of Coverage" applies. In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule of rule 2 to the dependent child's parent or parents and the dependent's spouse.

6. Active or Inactive Employee

   The benefits of neither a Benefit Program that covers a person as an employee who is neither laid off nor retired (or as that employee's dependent) are determined before those of a Benefit Program that covers that person as a

Blue Cross and Blue Shield of Illinois, a
Division of Health Care Service Corporation, a
Mutual Legal Reserve Company, an Independent
Licensee of the Blue Cross and Blue Shield Association

laid- off or retired employee (or as that employee's dependent). If the other Benefit Program does not have this rule, and if, as a result, the Benefit Programs do not agree on the order of benefits, this rule shall not apply.

7. Continuation Coverage

   If a person whose coverage is provided under a right of continuation pursuant to federal or state law also is covered under another Benefit Program, the following shall be the order of benefit determination:

   a. First, the benefits of a Benefit Program covering the person as an employee, member, or subscriber (or as that person's dependent).

   b. Second, the benefits under the continuation coverage.

   If the other Benefit Program does not contain the order of benefits determination described within this section, and if, as a result, the programs do not agree on the order of benefits, this requirement shall be ignored.

8. Length of Coverage

   If none of the rules in this section determines the order of benefits, the benefits of the Benefit Program that covered an employee, member or subscriber longer are determined before those of the Benefit Program that covered that person for the shorter term.

**WHEN THIS BENEFIT PROGRAM IS A SECONDARY PROGRAM**

In the event this Benefit Program is a Secondary Program as to one or more other Benefit Programs, the benefits of this Benefit Program may be reduced.

The benefits of this Benefit Program will be reduced when the sum of:

1. The benefits that would be payable for the Allowable Expenses under this Benefit Program in the absence of this COB provision; and
2. The benefits that would be payable for the Allowable Expenses under the other Benefit Programs, in the absence of provisions with a purpose like that of this COB provision, whether or not a claim is made; exceeds those Allowable Expenses in a Claim Determination Period. In that case, the benefits of this Benefit Program will be reduced so that they and the benefits payable under the other Benefit Programs do not total more than those Allowable Expenses.

When the benefits of this Benefit Program are reduced as described, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this Benefit Program.

**RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION**

Certain facts are needed to apply these COB rules. Blue Cross and Blue Shield has the right to decide which facts it needs. It may get needed facts from or give them to any other organization or person. Blue Cross and Blue Shield need not tell, or get the consent of, any person to do this. Each person claiming benefits under this Benefit Program must give Blue Cross and Blue Shield any facts it needs to pay the Claim.

**FACILITY OF PAYMENT**

A payment made under another Benefit Program may include an amount that should have been paid under this Benefit Program. If it does, Blue Cross and Blue Shield may pay that amount to the organization that made the payment under the other Benefit Program. That amount will then be treated as though it were a benefit paid under this Benefit Program. Blue Cross and Blue Shield will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

**RIGHT OF RECOVERY**

If the amount of payments made by Blue Cross and Blue Shield is more than it should have paid under this COB provision, it may recover the excess from one or more of:

1. The persons it has paid or for whom it has paid.
2. Insurance companies; or
3. Other organizations.

The "amount of payments made" includes the reasonable cash value of any benefits provided in the form of services.

## CONTINUATION OF COVERAGE AFTER TERMINATION

**(Illinois State Laws)**

**This CONTINUATION OF COVERAGE AFTER TERMINATION section does not apply to Domestic Partners and their children.**

The purpose of this section of your Certificate is to explain the options available for continuing your coverage after termination, as it relates to Illinois state legislation. The provisions which apply to you will depend upon your status at the time of termination. The provisions described in Article A will apply if you are the Eligible Person (see definitions) at the time of termination. The provisions described in Article B will apply if you are the spouse of or the party to a Civil Union with a retired Eligible Person and at least 55 years of age or former spouse of or the former party to a Civil Union with a retired Eligible Person who has died or from whom you have been divorced or no longer party to a Civil Union. The provisions described in Article C will apply if you are the dependent child of an Eligible Person who has died or if you have reached the limiting age under this Certificate and not eligible to continue coverage as provided under Article B.

Your continued coverage under this Certificate will be provided only as specified below. Therefore, after you have determined which Article applies to you, please read the provisions very carefully.

**ARTICLE A: Continuation of coverage if you are the Eligible Person**

If an Eligible Person's coverage under this Certificate should terminate because of termination of employment or membership or because of a reduction in hours below the minimum required for eligibility, an Eligible Person will be entitled to continue the Hospital, Surgical-Medical and/or Major Medical coverage provided under this Certificate for himself/herself and his/her eligible dependents (if he/she had Family Coverage on the date of termination). However, this continuation of coverage option is subject to the following conditions:

1. Continuation of coverage will be available to you only if you have been continuously insured under the Group Policy (or for similar benefits under any group policy which it replaced) for at least 3 months prior to your termination date or reduction in hours below the minimum required for eligibility.

2. Continuation of coverage will not be available to you if: (a) you are covered by Medicare, except if you have been covered under a group Medicare supplement policy, or (b) you have coverage under any other health care program which provides group hospital, surgical or medical coverage and under which you were not covered immediately prior to such termination or reduction in hours below the minimum required for eligibility.

3. Within 10 days of your termination of employment or membership or reduction in hours below the minimum required for eligibility, your Group will provide you with written notice of this option to continue your coverage. If you decide to continue your coverage, you must notify your Group, in writing, no later than 30 days after your coverage has terminated or reduction in hours below the minimum required for eligibility or 30 days after the date you received notice from your Group of this option to continue coverage. However, in no event will you be entitled to your continuation of coverage option more than 60 days after your termination or reduction in hours below the minimum required for eligibility.

4. If you decide to continue your coverage under this Certificate, you must pay your Group on a monthly basis, in advance, the total charge required by Blue Cross and Blue Shield for your continued coverage, including any portion of the charge previously paid by your Group. Payment of this charge must be made to Blue Cross and Blue Shield (by your Group) on a monthly basis, in advance, for the entire period of your continuation of coverage under this Certificate.

5. Continuation of coverage under this Certificate will end on the date you become eligible for Medicare or become covered under another health care program (which you did not have on the date of your termination or reduction in hours below the minimum required for eligibility) which provides group hospital, surgical or medical coverage. However, your continuation of coverage under this Certificate will also end on the first to occur of the following:

    a. The date twelve months after the date the Eligible Person's coverage under this Certificate would have otherwise ended because of termination of employment or membership or reduction in hours below the minimum required for eligibility.

    b. If you fail to make timely payment of required charges, coverage will terminate at the end of the period for which your charges were paid.

c. The date on which the Group Policy is terminated. However, if this Certificate is replaced by similar coverage under another group policy, the Eligible Person will have the right to become covered under the new coverage for the amount of time remaining in the continuation of coverage period. When your continuation of coverage period has expired, the provisions of this Certificate entitled **EXTENSION OF BENEFITS IN CASE OF TERMINATION** (when applicable) will apply to you.

**ARTICLE B: Continuation of Coverage if you are the former spouse of an Eligible Person or spouse of a retired Eligible Person**

If the coverage of the spouse of an Eligible Person should terminate because of the death of the Eligible Person, a divorce from the Eligible Person, dissolution of a Civil Union from the Eligible Person or the retirement of an Eligible Person, the former spouse or retired Eligible Person's spouse if at least 55 years of age will be entitled to continue the coverage provided under this Certificate for himself/herself and his/her eligible dependents (if Family Coverage is in effect at the time of termination). However, this continuation of coverage option is subject to the following conditions:

1. Continuation will be available to you as the former spouse of an Eligible Person or spouse of a retired Eligible Person only if you provide the employer of the Eligible Person with written notice of the dissolution of marriage or Civil Union, the death or retirement of the Eligible Person within 30 days of such event.

2. Within 15 days of receipt of such notice, the employer of the Eligible Person will give written notice to Blue Cross and Blue Shield of the dissolution of your marriage or Civil Union to the Eligible Person, the death of the Eligible Person or the retirement of the Eligible Person as well as notice of your address. Such notice will include the Group number and the Eligible Person's identification number under this Certificate. Within 30 days of receipt of notice from the employer of the Eligible Person, Blue Cross and Blue Shield will advise you at your residence, by certified mail, return receipt requested, that your coverage and your covered dependents under this Certificate may be continued. Blue Cross and Blue Shield's notice to you will include the following:

   a. A form for election to continue coverage under this Certificate.

   b. Notice of the amount of monthly charges to be paid by you for such continuation of coverage and the method and place of payment.

   c. Instructions for returning the election form within 30 days after the date it is received from Blue Cross and Blue Shield.

3. In the event you fail to provide written notice to Blue Cross and Blue Shield within the 30 days specified above, benefits will terminate for you on the date coverage would normally terminate for a former spouse or spouse of a retired Eligible Person under this Certificate as a result of the dissolution of marriage or Civil Union, the death or the retirement of the Eligible Person. Your right to continuation of coverage will then be forfeited.

4. If Blue Cross and Blue Shield fails to notify you as specified above, all charges shall be waived from the date such notice was required until the date such notice is sent and benefits shall continue under the terms of this Certificate from the date such notice is sent, except where the benefits in existence at the time of Blue Cross and Blue Shield's notice was to be sent are terminated as to all Eligible Persons under this Certificate.

5. If you have not reached age 55 at the time your continued coverage begins, the monthly charge will be computed as follows:

   a. An amount, if any, that would be charged to you if you were an Eligible Person, with Individual or Family Coverage, as the case may be, plus.

   b. An amount, if any, that the employer would contribute toward the charge if you were the Eligible Person under this Certificate.

Failure to pay the initial monthly charge within 30 days after receipt of notice from Blue Cross and Blue Shield as required in this Article will terminate your continuation benefits and the right to continuation of coverage.

1. If you have reached age 55 at the time your continued coverage begins, the monthly charge will be computed for the first 2 years as described above. Beginning with the third year of continued coverage, an additional charge, not to exceed 20% of the total amounts specified in (5) above will be charged for the costs of administration.

2. Termination of Continuation of Coverage:

If you have not reached age 55 at the time your continued coverage begins, your continuation of coverage shall end on the first to occur of the following:

a. If you fail to make any payment of charges when due (including any grace period specified in the Group Policy).

b. On the date coverage would otherwise terminate under this Certificate if you were still married to or in a Civil Union with the Eligible Person; however, your coverage shall not be modified or terminated during the first 120 consecutive days following the Eligible Person's death or entry of judgment dissolving the marriage or Civil Union existing between you and the Eligible Person, except in the event this entire Certificate is modified or terminated.

c. The date on which you remarry or enter into another Civil Union.

d. The date on which you become an insured employee under any other group health plan.

e. The expiration of 2 years from the date your continued coverage under this Certificate began.

3. If you have reached age 55 at the time your continued coverage begins, your continuation of coverage shall end on the first to occur of the following:

a. If you fail to make any payment of charges when due (including any grace period specified in the Group Policy).

b. On the date coverage would otherwise terminate, except due to the retirement of the Eligible Person, under this Certificate if you were still married to or in a Civil Union with the Eligible Person; however, your coverage shall not be modified or terminated during the first 120 consecutive days following the Eligible Person's death, retirement or entry of judgment dissolving the marriage or Civil Union existing between you and the Eligible Person, except in the event this entire Certificate is modified or terminated.

c. The date on which you remarry or enter another Civil Union.

d. The date on which you become an insured employee under any other group health plan.

e. The date upon which you reach the qualifying age or otherwise establish eligibility under Medicare.

4. If you exercise the right to continuation of coverage under this Certificate you shall not be required to pay charges greater than those applicable to any other Eligible Person covered under this Certificate, except as specifically stated in these provisions.

5. If this entire Certificate is cancelled and another insurance company contracts to provide group health insurance at the time your continuation of coverage is in effect, the new insurer must offer continuation of coverage to you under the same terms and conditions described in this Certificate.

**ARTICLE C: Continuation of Coverage if you are the dependent child of an Eligible Person**

If the coverage of a dependent child should terminate because of the death of the Eligible Person and the dependent child is not eligible to continue coverage under **ARTICLE B** or the dependent child has reached the limiting age under this Certificate, the dependent child will be entitled to continue the coverage provided under this Certificate for himself/herself. However, this continuation of coverage option is subject to the following conditions:

1. Continuation will be available to you as the dependent child of an Eligible Person only if you, or a responsible adult acting on your behalf as the dependent child, provide the employer of the Eligible Person with written notice of the death of the Eligible Person within 30 days of the date the coverage terminates.

2. If continuation of coverage is desired because you have reached the limiting age under this Certificate, you must provide the employer of the Eligible Person with written notice of the attainment of the limiting age within 30 days of the date the coverage terminates.

3. Within 15 days of receipt of such notice, the employer of the Eligible Person will give written notice to Blue Cross and Blue Shield of the death of the Eligible Person or of the dependent child reaching the limiting age, as well as notice of the dependent child's address. Such notice will include the Group number and the Eligible Person's identification number under this Certificate. Within 30 days of receipt of notice from the employer of the Eligible Person, Blue Cross and Blue Shield will advise you at your residence, by certified mail, return receipt requested,

that your coverage under this Certificate may be continued. Blue Cross and Blue Shield's notice to you will include the following:

a. A form for election to continue coverage under this Certificate.

b. Notice of the amount of monthly charges to be paid by you for such continuation of coverage and the method and place of payment.

c. Instructions for returning the election form within 30 days after the date it is received from Blue Cross and Blue Shield.

4. In the event you, or the responsible adult acting on your behalf as the dependent child, fail to provide written notice to Blue Cross and Blue Shield within the 30 days specified above, benefits will terminate for you on the date coverage would normally terminate for a dependent child of an Eligible Person under this Certificate as a result of the death of the Eligible Person or the dependent child attaining the limiting age. Your right to continuation of coverage will then be forfeited.

5. If Blue Cross and Blue Shield fails to notify you as specified above, all charges shall be waived from the date such notice was required until the date such notice is sent and benefits shall continue under the terms of this Certificate from the date such notice is sent, except where the benefits in existence at the time of Blue Cross and Blue Shield's notice was to be sent are terminated as to all Eligible Persons under this Certificate.

6. The monthly charge will be computed as follows:

a. An amount, if any, that would be charged to you if you were an Eligible Person, plus.

b. An amount, if any, that the employer would contribute toward the charge if you were the Eligible Person under this Certificate.

Failure to pay the initial monthly charge within 30 days after receipt of notice from Blue Cross and Blue Shield as required in this Article will terminate your continuation benefits and the right to continuation of coverage.

1. Continuation of Coverage shall end on the first to occur of the following:

a. If you fail to make any payment of charges when due (including any grace period specified in the Group Policy).

b. On the date coverage would otherwise terminate under this Certificate if you were still an eligible dependent child of the Eligible Person.

c. The date on which you become an insured employee, after the date of election, under any other group health plan. The expiration of 2 years from the date your continued coverage under this Certificate began.

3. If this entire Certificate is cancelled and another insurance company contracts to provide group health insurance at the time your continuation of coverage is in effect, the new insurer must offer continuation of coverage to you under the same terms and conditions described in this Certificate.

**Continuation of Coverage**

If you are the Domestic Partner or the dependent child of a Domestic Partner and you lose coverage under this Certificate, you have the same options as the spouse or dependent child of an Eligible Person to continue your coverage. ## CONTINUATION COVERAGE RIGHTS UNDER COBRA

This **CONTINUATION COVERAGE RIGHTS UNDER COBRA** section does not apply to your dependent who is your Domestic Partner and their children.

**NOTE**: Certain employers may not be affected by **CONTINUATION COVERAGE RIGHTS UNDER COBRA**. See your employer or Group Administrator should you have any questions about COBRA.

**Introduction**

You are receiving this notice because you have recently become covered under your employer's group health plan (the Plan). This notice contains important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you when you would otherwise lose your group health coverage. It can also become available to other members of your family who are covered under the Plan when they would otherwise lose their group health coverage.

For additional information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

**What Is COBRA Continuation Coverage?**

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because either one of the following qualifying events happens:

1. Your hours of employment are reduced; or
2. Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because any of the following qualifying events happens:

1. Your spouse dies.
2. Your spouse's hours of employment are reduced.
3. Your spouse's employment ends for any reason other than his/her gross misconduct.
4. Your spouse becomes enrolled in Medicare benefits (under Part A, Part B, or both); or
5. You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because any of the following qualifying events happen:

1. The parent-employee dies.
2. The parent-employee's hours of employment are reduced.
3. The parent-employee's employment ends for any reason other than his/her gross misconduct.
4. The parent-employee becomes enrolled in Medicare benefits (under Part A, Part B, or both).
5. The parents become divorced or legally separated; or
6. The child stops being eligible for coverage under the Plan as a "dependent child."

Licensee of the Blue Cross and Blue Shield Association

If the Plan provides health care coverage to retired employees, the following applies: Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to your employer, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary with respect to the bankruptcy. The retired employee's spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

**When Is COBRA Coverage Available?**

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, in the event of retired employee health coverage, commencement of a proceeding in bankruptcy with respect to the employer, or the employee becomes entitled to Medicare benefits (under Part A, Part B, or both), the employer must notify the Plan Administrator of the qualifying event.

**You Must Give Notice of Some Qualifying Events**

For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. Contact your employer and/or COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

**How Is COBRA Coverage Provided?**

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), your divorce or legal separation, or a dependent child's losing eligibility as a dependent child, COBRA continuation coverage lasts for up to 36 months.

When the qualifying event is the end of employment or reduction of the employee's hours of employment, and the employee became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the employee lasts until 36 months after the date of Medicare entitlement. For example, if a covered employee becomes entitled to Medicare 8 months before the date on which his employment terminates, COBRA continuation coverage for his spouse and children can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event (36 months minus 8 months). Otherwise, when the qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA continuation coverage generally lasts for only up to a total of 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended.

**Disability Extension Of 18-Month Period Of Continuation Coverage**

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. The disability would have to have started at some time before the 60$^{th}$ day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage. Contact your employer and/or the COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

**Second Qualifying Event Extension Of 18-Month Period Of Continuation Coverage**

If your family experiences another qualifying event while receiving 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if notice of the second qualifying event is properly given to the Plan. This extension may be available to the spouse and dependent children receiving continuation coverage if the employee or former employee dies, becomes entitled to Medicare benefits (under Part A, Part B, or both), or gets divorced or legally separated or if the dependent child stops

being eligible under the Plan as a dependent child, but only if the event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

**If You Have Questions**

Questions concerning your Plan or your COBRA continuation coverage rights, should be addressed to your Plan Administrator. For more information about your rights under ERISA, including COBRA, the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans, contact the nearest Regional or District Office of the U. S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit the EBSA website at www.dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.)

**Keep Your Plan Informed Of Address Changes**

In order to protect your family's rights, you should keep the Plan Administrator informed of any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator.

**Plan Contact Information**

Contact your employer for the name, address and telephone number of the party responsible for administering your COBRA continuation coverage.

## HOW TO FILE A CLAIM

In order to obtain your benefits under this Certificate, it is necessary for a Claim to be filed with Blue Cross and Blue Shield. To file a Claim, usually all you will have to do is show your Blue Cross and Blue Shield identification card to your Hospital or Physician (or other Provider) when you receive services. They will file your Claim for you. Remember however, it is your responsibility to ensure that the necessary Claim information has been provided to Blue Cross and Blue Shield.

Once Blue Cross and Blue Shield receives your Claim, it will be processed, and the benefit payment will usually be sent directly to the Hospital or Physician. You will receive a statement telling you how much was paid. In some cases, Blue Cross and Blue Shield will send the payment directly to you or if applicable, in the case of a Qualified Medical Child Support Order, to the designated representative as it appears on Blue Cross and Blue Shield's records.

In certain situations, you will have to file your own Claims. This is primarily true when you are receiving services or supplies from Providers other than a Hospital or Physician. An example would be when you have had ambulance expenses. To file your own Claim, follow these instructions:

1. Complete a Claim Form. These are available from your Group Administrator or from your local Blue Cross and Blue Shield office.
2. Attach copies of all bills to be considered for benefits. These bills must include the Provider's name and address, the patient's name, the diagnosis, the date of service and a description of the service and the Claim Charge.
3. Mail the completed Claim Form with attachments to:

Blue Cross and Blue Shield of Illinois
P.O. Box 660603
Dallas, TX 75266-0603

In any case, Claims should be filed with Blue Cross and Blue Shield on or before December 31st of the calendar year following the year in which your Covered Service was rendered. (A Covered Service furnished in the last month of a particular calendar year shall be considered to have been furnished the succeeding calendar year.) **Claims not filed within the required time period will not be eligible for payment.**

Should you have any questions about filing Claims, ask your Group Administrator or call your local Blue Cross and Blue Shield office.

### FILING OUTPATIENT PRESCRIPTION DRUG CLAIMS

In certain situations, you will have to file your own Claims in order to obtain benefits for Outpatient prescription drugs. This is primarily true when you did not receive an identification card, the Pharmacy was unable to transmit a Claim, or you received benefits from a non-Participating Prescription Drug Provider. To do so, follow these instructions:

1. Complete a prescription drug Claim Form. These forms are available from your Group Administrator or from your local Blue Cross and Blue Shield office.
2. Attach copies of all Pharmacy receipts to be considered for benefits. These receipts must be itemized.
3. Mail the completed Claim Form with attachments to:

Prime Therapeutics
P.O. Box 25136
Lehigh Valley, PA 18002-5136

In any case, Claims must be filed no later than one year after the date a service is received. Claims not filed within one year from the date a service is received will not be eligible for payment.

### Timing of Required Notices and Extensions

Separate schedules apply to the timing of required notices and extensions, depending on the type of claim. There are three types of claims as defined below.

1. **Urgent Care Clinical Claim** is any pre-service claim that requires Prior Authorization, as described in this Benefit booklet, for benefit for medical care or Treatment with respect to which the application of regular time periods for making health claim decisions could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function or, in the opinion of a Physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care of Treatment.
2. **Pre-Service Claim** is any non-urgent request for benefits or a determination with respect to which the terms of the benefit plan condition receipt of the benefit on approval of the benefit in advance of obtaining medical care.
3. **Claim, also known as Post-Service Claim,** is notification in a form acceptable to Blue Cross and Blue Shield that a service has been rendered or furnished to you. This notification must include full details of the service received, including your name, age, sex, identification number, the name and address of the Provider, an itemized statement of the service rendered or furnished, the date of service, the diagnosis, the Claim Charge, and any other information with Blue Cross and Blue Shield may request in connection with services rendered to you.

**Concurrent Care**

For benefit determination relating to care that is being received at the same time as the determination, such notice will be provided no later than 24 hours after receipt of your claim for benefits.

**CLAIM APPEAL PROCEDURES**

**Claim Appeal Procedures — Definitions**

An "**Adverse Benefit Determination**" means a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, in response to a Claim, pre-service Claim or Urgent Care Clinical Claim, including any such denial, reduction, termination, or failure to provide or make payment for, a benefit resulting from the application of utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not Medically Necessary or appropriate. If an Ongoing Course of Treatment had been approved by Blue Cross and Blue Shield and Blue Cross and Blue Shield reduces or terminates such treatment (other than by amendment or termination of the Group's benefit plan) before the end of the approved treatment period, that is also an Adverse Benefit Determination. A Rescission is also an Adverse Benefit Determination.

In addition, an **Adverse Benefit Determination**, also includes an "Adverse Determination." An "Adverse Determination" means:

1. A determination by Blue Cross and Blue Shield or its designee utilization review organization that, based upon the information provided, a request for a benefit under Blue Cross and Blue Shield's health benefit plan upon application of any utilization review technique does not meet Blue Cross and Blue Shield's requirements for Medical Necessity, appropriateness, health care setting, level of care, or effectiveness or is determined to be experimental or investigational and the requested benefit is therefore denied, reduced or terminated or payment is not provided or made, in whole or in part, for the benefit; or
2. A rescission of coverage determination. For additional information, see the definition of "Rescission" in the **DEFINITIONS SECTION** of this Certificate.

**Expedited Clinical Appeals**

If your situation meets the definition of an expedited clinical appeal, you may be entitled to an appeal on an expedited basis. An expedited clinical appeal is an appeal of a clinically urgent nature related to health care services, including but not limited to, procedures or treatments ordered by a health care Provider, as well as a continued hospitalization. Before authorization of benefits for an Ongoing Course of Treatment is terminated or reduced, Blue Cross and Blue Shield will provide you with notice and an opportunity to appeal. For the Ongoing Course of Treatment, coverage will continue during the appeal process.

Upon receipt of an expedited pre-service or concurrent clinical appeal, Blue Cross and Blue Shield will notify the party filing the appeal, as soon as possible, but in no event more than 24 hours after submission of the appeal, of all the information needed to review the appeal. Blue Cross and Blue Shield will render a decision on the appeal within 24 hours after it receives the requested information, but in no event more than 48 hours after the appeal has been received by Blue Cross and Blue Shield.

**How to Appeal an Adverse Benefit Determination**

You have the right to seek and obtain a review of any determination of a claim, any determination of a request for Prior Authorization, or any other determination made by Blue Cross and Blue Shield in accordance with the benefits and procedures detailed in your Health Benefit Plan.

An appeal of an Adverse Benefit Determination may be filed by you or a person authorized to act on your behalf. In some circumstances, a health care Provider may appeal on his/her own behalf. Under your Health Benefit Plan, there is one level of internal appeal available to you. Your designation of a representative must be in writing as it is necessary to protect against disclosure of information about you except to your authorized representative. To obtain an Authorized Representative Form, you or your representative may call Blue Cross and Blue Shield at the number on the back of your identification card. In urgent care situations, a doctor may act as your authorized representative without completing the form.

If you believe Blue Cross and Blue Shield incorrectly denied all or part of your benefits, you may have your claim reviewed. Blue Cross and Blue Shield will review its decision in accordance with the following procedure:

1. Within 180 days after you receive notice of an Adverse Benefit Determination, you may call or write to Blue Cross and Blue Shield to request a claim review. Blue Cross and Blue Shield will need to know the reasons why you do not agree with the Adverse Benefit Determination.
2. In support of your claim review, you have the option of presenting evidence and testimony to Blue Cross and Blue Shield. You and your authorized representative may ask to review your file and any relevant documents and may submit written issues, comments, and additional medical information within 180 days after you receive notice of an Adverse Benefit Determination or at any time during the claim review process.
3. To contact Blue Cross and Blue Shield to request a Claim review or appeal an Adverse Benefit Determination, use the following contact information:

During the course of your internal appeal(s), Blue Cross and Blue Shield will provide you or your authorized representative (free of charge) with any new or additional evidence considered, relied upon or generated by Blue Cross and Blue Shield in connection with the appealed claim, as well as any new or additional rationale for a denial at the internal appeals stage.

Such new or additional evidence or rational will be provided to you or your authorized representative as soon as possible and sufficiently in advance of the date a final decision on appeal is made in order to give you a reasonable opportunity to respond. Blue Cross and Blue Shield may extend the time period described in this Certificate for its final decision on appeal to provide you with a reasonable opportunity to respond to such new or additional evidence or rationale. If the initial benefit determination regarding the Claim is based on medical judgment, the appeal will be conducted by individuals associated with Blue Cross and Blue Shield and/or external advisors, but who were not involved in making the initial denial of your Claim. No deference will be given to the initial Adverse Benefit Determination. Before you or your authorized representative may bring any action to recover benefits the claimant must exhaust the appeal process and must raise all issues with respect to a Claim and must file an appeal or appeals and the appeals must be finally decided by Blue Cross and Blue Shield (except in situations where you are not required to exhaust the appeals process).

**Timing of Non-Urgent Appeal Determinations**

Upon receipt of a non-urgent concurrent, pre-service, or post-service appeal Blue Cross and Blue Shield will notify the party filing the appeal within three business days of all the information needed to review the appeal.

Blue Cross and Blue Shield will render a decision of a non-urgent concurrent or pre-service appeal as soon as practical, but in no event more than 15 business days after receipt of all required information. We will send you a written decision for appeals that are related to health care services and not related to administrative matters or Complaints within 15 business days after we receive any needed information, but no later than 30 calendar days of receipt of the request. **INDEPENDENT EXTERNAL REVIEW**

You or your authorized representative may make a request for a standard external review or expedited external review of an Adverse Determination or Final Adverse Determination by an independent review organization (IRO).

A "**Final Adverse Determination**" means an Adverse Determination involving a Covered Service that has been upheld by Blue Cross and Blue Shield or its designated utilization review organization, at the completion of Blue Cross and Blue Shield's internal grievance process procedures.

1. **Standard External Review**

You or your authorized representative must submit a written request for a standard external independent review to the Illinois Department of Insurance ("IDOI") within four months of receiving an Adverse Determination or Final Adverse Determination. Your request should be submitted to the IDOI at the following address:

Illinois Department of Insurance
Office of Consumer Health Insurance
External Review Unit
320 West Washington
Springfield, IL 62767
(877) 850-4740 Toll-free phone
(217) 557-8495 Fax number
Doi.externalreview@illinois.gov Email address
https://mc.insurance.illinois.gov/messagecenter.nsf

You may submit additional information or documentation to support your request for the health care services. Within one business day after the date of receipt of the request, the IDOI will send a copy of the request to Blue Cross and Blue Shield.

2. **Preliminary Review.** Within five business days of receipt of the request from the IDOI, Blue Cross and Blue Shield will complete a preliminary review of your request to determine whether:

   a. You were a covered person at the time health care service was requested or provided;

   b. The service that is the subject of the Adverse Determination or the Final Adverse Determination is a Covered Service under this Certificate, but Blue Cross and Blue Shield has determined that the health care service is not covered;

   c. You have exhausted Blue Cross and Blue Shield's internal appeal process, unless you are not required to exhaust Blue Cross and Blue Shield's internal appeal process pursuant to the Illinois Health Carrier External Review Act; and

   d. You have provided all the information and forms required to process an external review.

   For appeals relating to a determination based on treatment being experimental or investigational, Blue Cross and Blue Shield will complete a preliminary review to determine whether the requested service or treatment that is the subject of the Adverse Determination or Final Adverse Determination is a Covered Service, except for Blue Cross and Blue Shield's determination that the service or treatment is experimental or investigational for a particular medical condition and is not explicitly listed as an excluded benefit. In addition, your health care Provider has certified that one of the following situations is applicable:

   a. Standard health care services or treatments have not been effective in improving your condition.

   b. Standard health care services or treatments are not medically appropriate for you; or

   c. There is no available standard health care services or treatment covered by Blue Cross and Blue Shield that is more beneficial than the recommended or requested service or treatment.

   In addition, a) your health care Provider has certified in writing that the health care service or treatment is likely to be more beneficial to you, in the opinion of your health care Provider, than any available standard health care services or treatments, or b) your health care Provider who is a licensed, board certified or board eligible Physician qualified to practice in the area of medicine appropriate to treat your condition has certified in writing that scientifically valid studies using accepted protocols demonstrate that the health care service or treatment requested is likely to be more beneficial to you than any available standard health care services or treatments.

3. **Notification.** Within one business day after completion of the preliminary review, Blue Cross and Blue Shield shall notify the IDOI, you and your authorized representative, if applicable, in writing whether the request is complete and eligible for an external review. If the request is not complete or not eligible for an external review, the IDOI, you and your authorized representative shall be notified by Blue Cross and Blue Shield in writing of what materials are required to make the request complete or the reason for its ineligibility. Blue Cross and Blue Shield's determination that the external review request is ineligible for review may be appealed to the IDOI by filing a complaint with the IDOI. The IDOI may determine that a request is eligible for external review and require that it be referred for external review. In making such determination, the IDOI's decision shall be in accordance with the terms of your benefit

program (unless such terms are inconsistent with applicable laws) and shall be subject to all applicable laws.

a. **Assignment of IRO.** When the IDOI receives notice that your request is eligible for external review following the preliminary review, the IDOI will, within one business day after the receipt of the notice, a) assign an IRO on a random basis from those IROs approved by the IDOI; and (b) notify Blue Cross and Blue Shield, you and your authorized representative, if applicable, of the request's eligibility and acceptance for external review and the name of the IRO.

Within five business days after the date of receipt of the notice provided by the IDOI of assignment of an IRO, Blue Cross and Blue Shield shall provide to the assigned IRO the documents and any information considered in making the Adverse Determination or Final Adverse Determination. In addition, you or your authorized representative may, within five business days following the date of receipt of the notice of assignment of an IRO, submit in writing to the assigned IRO additional information that the IRO shall consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted after five business days. If Blue Cross and Blue Shield or its designated utilization review organization does not provide the documents and information within five business days, the IRO may end the external review and make a decision to reverse the Adverse Determination or Final Adverse Determination. A failure by Blue Cross and Blue Shield or designated utilization review organization to provide the documents and information to the IRO within five business days shall not delay the conduct of the external review. Within one business day after making the decision to end the external review, the IRO shall notify Blue Cross and Blue Shield, you and, if applicable, your authorized representative, if applicable of its decision to reverse the determination.

If you or your authorized representative submitted additional information to the IRO, the IRO shall forward the additional information to Blue Cross and Blue Shield within one business day of receipt from you or your authorized representative. Upon receipt of such information, Blue Cross and Blue Shield may reconsider the Adverse Determination or Final Adverse Determination. Such reconsideration shall not delay the external review. Blue Cross and Blue Shield may end the external review and make a decision to reverse the Adverse Determination or Final Adverse Determination. Within one business day after making the decision to end the external review, Blue Cross and Blue Shield shall notify the IDOI, IRO, you, and if applicable, your authorized representative of its decision to reverse the determination.

4. **IRO's Decision.** In addition, to the documents and information provided by Blue Cross and Blue Shield and you, or if applicable, your authorized representative, the IRO shall also consider the following information if available and appropriate:

   a. Your pertinent medical records.

   b. Your health care Provider's recommendation.

   c. Consulting reports from appropriate health care Providers and other documents submitted to Blue Cross and Blue Shield or its designee utilization review organization, you, your authorized representative, or your treating Provider.

   d. The terms of coverage under the benefit program.

   e. The most appropriate practice guidelines, which shall include applicable evidence-based standards and may include any other practice guidelines developed by the federal government, national or professional medical societies, boards and associations.

   f. Any applicable clinical review criteria developed and used by Blue Cross and Blue Shield or its designated utilization review organization; and

   g. The opinion of the IRO's clinical reviewer or reviewers after consideration of the items described above.

Within one business day after the receipt of notice of assignment to conduct an external review with respect to a denial of coverage based on a determination that the health care service or treatment recommended or requested is experimental or investigational, the IRO will select one or more clinical reviewers, as it determines is appropriate, to conduct the external review, which clinical reviews must meet the minimum qualifications set forth in the Illinois Health Carrier External Review Act, and neither you, your authorized representative, if applicable, nor Blue Cross and Blue Shield will choose or control the choice of the Physicians or their health care professionals to be selected to conduct the external review. Each clinical reviewer will provide a written opinion to the IRO within 20 days after being selected by the IRO to conduct the external review on whether the recommended or requested health care services or treatment should be covered.

The IRO will make a decision within 20 days after the date it receives the opinion of each clinical review, which will be determined by the recommendation for majority of the clinical reviewers.

Mutual Legal Reserve Company, an Independent

Within five days after the date of receipt of the necessary information, but in no event more than 45 days after the date of receipt of request for an external review, the IRO will render its decision to uphold or reverse the Adverse Determination or Final Adverse Determination and will notify the IDOI, Blue Cross and Blue Shield, you and your authorized representative, if applicable of its decision.

With respect to experimental or investigational services or treatments, the IRO will make a decision within 20 days after the date it receives the option of each clinical reviewer, which will be determined by the recommendation of the majority of the clinical reviewers.

The written notice will include:

1. A general description of the reason for the request for external review.
2. The date the IRO received the assignment from the IDOI.
3. The time period during which the external review was conducted.
4. References to the evidence or documentation including the evidence-based standards, considered in reaching its decision or, in the case of external reviews of the experimental or investigational services or treatments, the written opinions of each clinical reviewer as to whether the recommended or requested health care service or treatment should be covered and the rationale for the reviewer's recommendation.
5. The date of its decisions.
6. The principal reason or reasons for its decision, including, what applicable, if any, evidence-based standards that were a basis for its decisions; and
7. The rationale for its decision.

Upon receipt of a notice of a decision reversing the Adverse Determination or Final Adverse Determination, Blue Cross and Blue Shield shall immediately approve the coverage that was the subject of the determination. Coverage will only be provided for those services and/or supplies that were the subject of the Adverse Determination or Final Adverse Determination and not for additional services or supplies beyond the scope of the external review.

The IRO is not bound by any claim determinations reached prior to the submission of information to the IRO. The IDOI, you and your authorized representative, if applicable, and Blue Cross and Blue Shield will receive written notice from the IRO. If you disagree with the determination of the IRO, you may file a Complaint with the Illinois Department of Insurance's Office of Consumer Health Insurance.

If you have a medical condition where the timeframe for completion of (a) an expedited internal review of an appeal involving an Adverse Determination; (b) a Final Adverse Determination; or, (c) a standard external review as described above, would seriously jeopardize your life or health or your ability to regain maximum function, then you or your authorized representative may file a request for an expedited external review by an IRO not associated with Blue Cross and Blue Shield. In addition, if a Final Adverse Determination concerns an admission, availability of care, continued stay or health care service for which you received Emergency Services, but have not been discharged from a facility, then you or your authorized representative may request an expedited external review. You or your authorized representative may file the request immediately after a

receipt of notice of Final Adverse Determination or if Blue Cross and Blue Shield fails to provide a decision on request for an expedited internal appeal within 48 hours.

You may also request an expedited external review if a Final Adverse Determination concerns a denial of coverage based on the determination that the treatment or service in question is considered experimental or investigational and your health care Provider certifies in writing that the treatment or service would be significantly less effective if not started promptly.

Expedited external review will not be provided for retrospective adverse or final adverse determinations.

Your request for an expedited independent external review may be submitted to the IDOI either orally (by calling 1-877-850-4740) or in writing as set forth above for requests for standard external review.

**Notification.** Upon receipt of a request for an expedited external review, the IDOI shall immediately send a copy of the request to Blue Cross and Blue Shield. Blue Cross and Blue Shield shall immediately notify the IDOI, you and your authorized representative, if applicable, whether the expedited request is complete and eligible for an expedited external review. Blue Cross and Blue Shield's determination that the external review request is ineligible for review may be appealed to the IDOI by filing a complaint with the IDOI. The IDOI may determine that a request is eligible for expedited external review and require that it be referred for an expedited external review. In making such determination, the IDOI's decision shall be in accordance with the terms of the benefit program (unless such terms are inconsistent with applicable law) and shall be subject to all applicable laws.

**Assignment of IRO.** If your request is eligible for expedited external review, the IDOI shall immediately assign an IRO on a random basis from the list of IROs approved by the IDOI; and immediately notify Blue Cross and Blue Shield of the name of the IRO.

Upon receipt from the IDOI of the name of the IRO assigned to conduct the external review, Blue Cross and Blue Shield or its designated utilization review organization shall immediately (but in no case more than 24 hours after receiving such notice) provide to the assigned IRO the documents and any information considered in making the Adverse Determination or Final Adverse Determination. In addition, you or your authorized representative may submit additional information in writing to the assigned IRO within 24 hours or additional information may accompany the request for an expedited independent external review. If Blue Cross and Blue Shield or its designated utilization review organization does not provide the documents and information within 24 hours, the IRO may end the external review and make a decision to reverse the Adverse Determination or Final Adverse Determination. Within one business day after making the decision to end the external review, the IRO shall notify the IDOI, Blue Cross and Blue Shield, you and, if applicable, your authorized representative, of its decision to reverse the determination.

As expeditiously as your medical condition or circumstances requires (but in no event more than 72 hours after the date of receipt of the request for an expedited external review) the assigned IRO will render a decision whether or not to uphold or reverse the Adverse Determination or Final Adverse Determination and will notify the IDOI, Blue Cross and Blue Shield, you and, if applicable, your authorized representative. If the initial notice regarding its determination was not in writing, within 48 hours after the date of providing such notice, the assigned IRO shall provide written confirmation of the decision to you, the IDOI, Blue Cross and Blue Shield and, if applicable, your authorized representative, including all the information outlined under the standard process above.

If the external review was a review of experimental or investigational treatments, each clinical review shall provide an opinion orally or in writing to the assigned IRO as expeditiously as your medical condition or circumstances requires, but in no event more than five calendar days after being selected. Within 48 hours after the date, it receives the opinion of each clinical reviewer, the IRO will make a decision and provide notice of the decision either orally or in writing to the IDOI, the Claim Administrator, you and your authorized representative, if applicable.

If the IRO's initial notice regarding its determination was not in writing, within 48 hours after the date of providing such notice, the assigned IRO shall provide written confirmation of the decision to you, the IDOI, the Claim Administrator and, if applicable, your authorized representative.

The assigned IRO is not bound by any decisions or conclusions reached during Blue Cross and Blue Shield's utilization review process or Blue Cross and Blue Shield's internal grievance process. Upon receipt of a notice of a decision reversing the Adverse Determination or Final Adverse Determination, Blue Cross and Blue Shield shall immediately approve the coverage that was the subject of the determination. Coverage will only be provided for those services and/or supplies that were the subject of the Adverse Determination or Final Adverse Determination and not for additional services or supplies beyond the scope of the external review. If you disagree with the determination of the IRO, you may file a Complaint with the Illinois Department of Insurance's Office of Consumer Health Insurance.

An external review decision is binding on Blue Cross and Blue Shield. An external review decision is binding on you, except to the extent you have other remedies available under applicable federal or state law. You and your authorized representative may not file a subsequent request for external review involving the same Adverse Determination or Final Adverse Determination for which you have already received an external review decision.

## GENERAL PROVISIONS

### BLUE CROSS AND BLUE SHIELD'S SEPARATE FINANCIAL ARRANGEMENTS WITH PROVIDERS

Blue Cross and Blue Shield hereby informs you that it has contracts with certain Providers ("Plan Providers") in its service area to provide and pay for health care services to all persons entitled to health care benefits under health policies and contracts to which Blue Cross and Blue Shield is a party, including all persons covered under this Certificate. Under certain circumstances described in its contracts with Plan Providers, Blue Cross and Blue Shield may:

1. Receive substantial payments from Plan Providers with respect to services rendered to you for which Blue Cross and Blue Shield was obligated to pay the Plan Provider.
2. Pay Plan Providers substantially less than their Claim Charges for services, by discount or otherwise; and
3. Receive from Plan Providers other substantial allowances under Blue Cross and Blue Shield's contracts with them.

In the case of Hospitals and other facilities, the calculation of any out-of-pocket maximums or any maximum amounts of benefits payable by Blue Cross and Blue Shield under this Certificate and the calculation of all required Deductible and Coinsurance Amounts payable by you under this Certificate shall be based on the Eligible Charge or Provider's Claim Charge for Covered Services rendered to you, reduced by the Average Discount Percentage ("ADP") applicable to your Claim or Claims. Your Group has been advised that Blue Cross and Blue Shield may receive such payments, discounts and/or other allowances during the term of the Policy. Neither the Group nor you are entitled to receive any portion of any such payments, discounts and/or other allowances in excess of the ADP.

To help you understand how Blue Cross and Blue Shield's separate financial arrangements with Providers work, please consider the following example:

1. Assume you go into the Hospital for one night and the normal, full amount the Hospital bills for Covered Services is $1,000. How is the $1,000 bill paid?
2. You personally will have to pay the Deductible and Coinsurance Amounts set out in your Certificate.
3. However, for purposes of calculating your Deductible and Coinsurance Amounts, and whether you have reached any out-of-pocket or benefit maximums, the Hospital's Eligible Charge would be reduced by the ADP applicable to your Claim. In our example, if the applicable ADP were 30%, the $1,000 Hospital bill would be reduced by 30% to $700 for purposes of calculating your Deductible and Coinsurance Amounts, and whether you have reached any out-of-pocket or benefit maximums.
4. Assuming you have already satisfied your Deductible, you will still have to pay the Coinsurance portion of the $1,000 Hospital bill after it has been reduced by the ADP. In our example, if your Coinsurance obligation is 20%, you personally will have to pay 20% of $700, or $140. You should note that your 20% Coinsurance is based on the full $1,000 Hospital bill, after it is reduced by the applicable ADP.
5. After taking into account the Deductible and Coinsurance Amounts, Blue Cross and Blue Shield will satisfy its portion of the Hospital bill. In most cases, Blue Cross and Blue Shield has a contract with Hospitals that allows it to pay less, and requires the Hospital to accept less, than the amount of money Blue Cross and Blue Shield would be required to pay if it did not have a contract with the Hospital.

So, in the example we are using, since the full Hospital bill is $1,000, your Deductible has already been satisfied, and your Coinsurance is $140, then Blue Cross and Blue Shield has to satisfy the rest of the Hospital bill, or $860. Assuming Blue Cross and Blue Shield has a contract with the Hospital, Blue Cross and Blue Shield will usually be able to satisfy the $860 bill that remains after your Coinsurance and Deductible, by paying less than $860 to the Hospital, often substantially less than $860. Blue Cross and Blue Shield receives, and keeps for its own account, the difference between the $860 bill and whatever Blue Cross and Blue Shield ultimately pays under its contracts with Plan Providers, and neither you nor your Group are entitled to any part of these savings.

#### Other Blue Cross and Blue Shields' Separate Financial Arrangements with Providers Out-of-Area Services

Blue Cross and Blue Shield of Illinois, a Division of Health Care Service Corporation, herein called "the Plan" has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross and Blue Shield Association. Whenever you access healthcare services outside of the Plan's service area, the claims for these services may be

processed through one of these Inter-Plan Arrangements, which includes the BlueCard Program and may be processed through one of these Inter-Plan Arrangements, which includes the BlueCard Program and may include negotiated arrangements available between the Plan and other Blue Cross and Blue Shield Licensees.

When you receive care outside our service area, you will receive it from two kinds of Providers. Most Providers ("participating Providers") contract with the local Blue Cross and/or Blue Shield Licensee in that other geographic area ("Host Blue"). Some Providers ("Non-Participating Providers") don't contract with the Host Blue. We explain how we pay both types of Providers below.

1. **BlueCard®Program**

Under the BlueCard®Program, when you access Covered Services within the geographic area served by a Host Blue, we will remain responsible for what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare Providers.

For Inpatient facility services received in a Hospital, the Host Blue's Participating Provider is required to obtain Prior Authorization. If Prior Authorization is not obtained, the Participating Provider will be sanctioned based on the Host Blue's contractual agreement with the Provider, and the member will be held harmless for the Provider sanction.

Whenever you receive Covered Services outside the Plan's service area and the claim is processed through the BlueCard Program, the amount you pay for covered healthcare services is calculated based on the lower of:

a. The billed covered charges for your Covered Services; or

b. The negotiated price that the Host Blue makes available to the Plan.

For Illinois members, using out of state PPO Providers, claims will be paid at the Illinois BCO Tier 1 level.

To help you understand how this calculation would work, please consider the following example:

a. Suppose you receive Covered Services for an illness while you are on vacation outside of Illinois. You show your identification card to the Provider to let him or her know that you are covered by the Plan.

b. The Provider has negotiated with the Host Blue a price of $80, even though the Provider's standard charge for this service is $100. In this example, the Provider bills the Host Blue $100.

c. The Host Blue, in turn, forwards the claim to the Plan and indicates that the negotiated price for the Covered Service is $80. The Plan would then base the amount you must pay for the service the amount applied to your Deductible, if any, and your Coinsurance percentage - on the $80 negotiated price, not the $100 Billed Charge.

d. So, for example, if your Coinsurance is 20%, you would pay $16 (20% of $80), not $20 (20% of $100). You are not responsible for amounts over the negotiated price for a Covered Service.

**PLEASE NOTE:** The Coinsurance percentage in the above example is for illustration purposes only. The example assumes that you have met your Deductible and that there are no Copayments associated with the service rendered. Your Deductible(s), Coinsurance and Copayment(s) are specified in this Certificate.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare Provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare Provider or Provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, also take into account adjustments to correct for over or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we use for your claim because they will not be applied after a claim has already paid.

2. **Negotiated (non-BlueCard Program) Arrangements**

As an alternative to the BlueCard Program, your claims for Covered Services may be processed through a Negotiated Arrangement for National Accounts with a Host Blue.

The amount you pay for Covered Services under this arrangement will be calculated based on lower of either billed covered charges or negotiated price (Refer to the description of negotiated price under Section A., BlueCard Program) made available to the Plan by the Host Blue.

3. **Non-Participating Healthcare Providers Outside the Plan's Service Area**

a. **Liability Calculation**

i. In General

When Covered Services are provided outside of the Plan's service area by Non-Participating Providers, the amount(s) you pay for such services will be calculated using the methodology described in the Certificate for Non- Participating Providers located inside our service area. You may be responsible for the difference between the amount that the Non-Participating Provider bills and the payment the Plan will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network emergency services.

ii. Exceptions

In some exception cases, the Plan may, but is not required to, negotiate a payment with such Non-Participating Provider on an exception basis. If a negotiated payment is not available, then the Plan may make a payment based on the lesser of:

1. The amount calculated using the methodology described in the Certificate for Non-Participating Providers located inside our service area (and described in Section C(a)(1) above); or

iii. The following:

1. For Professional Providers, make a payment based on publicly available Provider reimbursement data for the same or similar professional services, adjusted for geographical differences where applicable; or

2. For Hospital or facility Providers, make a payment based on publicly available data reflecting the approximate costs that Hospitals or facilities have incurred historically to provide the same or similar service, adjusted for geographical differences where applicable, plus a margin factor for the Hospital or facility.

In these situations, you may be liable for the difference between the amount that the Non-Participating Provider bills and the payment Blue Cross and Blue Shield of Illinois will make for the Covered Services as set forth in this paragraph.

**Special Cases: Value-Based Programs**

1. **BlueCard® Program**

If you receive Covered Services under a Value-Based Program inside a Host Blue's service area, you will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to the Plan through average pricing or fee schedule adjustments.

Value-Based Programs: Negotiated (non–BlueCard Program) Arrangements

If the Plan has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the Qualified Employer on your behalf, the Plan will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted for the BlueCard Program.

2. **Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees**

Federal or state laws or regulations may require a surcharge, tax or other fee that applies to insured accounts. If applicable, the Plan will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

3. **Blue Cross Blue Shield Global Core**

If you are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter "BlueCard service area"), you may be able to take advantage of the Blue Cross Blue Shield Global Core when accessing Covered Services. The Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although the Blue Cross Blue Shield Global Core assists you with accessing a network of Inpatient, Outpatient and professional Providers, the network is not served by a

Blue Cross and Blue Shield of Illinois, a
Division of Health Care Service Corporation, a
Mutual Legal Reserve Company, an Independent
Licensee of the Blue Cross and Blue Shield Association

Host Blue. As such, when you receive care from Providers outside the BlueCard service area, you will typically have to pay the Providers and submit the claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a Physician appointment or hospitalization, if necessary.

a. **Inpatient Services**

In most cases, if you contact the service center for assistance, hospitals will not require you to pay for covered Inpatient services, except for your cost-share amounts/deductibles, coinsurance, etc. In such cases, the hospital will submit your claims to the service center to begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for Covered Services. **You must** contact **the Plan to obtain Prior Authorization for Non-Emergency Inpatient services.**

b. **Outpatient Services**

Outpatient Services are available for Emergency Care. Physicians, urgent care centers and other Outpatient Providers located outside the BlueCard service area will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for Covered Services.

c. **Submitting a Blue Cross Blue Shield Global Core Claim**

When you pay for Covered Services outside the BlueCard service area, you must submit a claim to obtain reimbursement. For institutional and professional claims, you should complete a Blue Cross Blue Shield Global Core International claim form and send the claim form with the Provider's itemized bill(s) to the service center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from the Plan the service center or online at www.bcbsglobalcore.com. If you need assistance with your claim submission, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week.

4. **Blue Cross and Blue Shield's Separate Financial Arrangements with Prescription Drug Providers**

Blue Cross and Blue Shield hereby informs you that it has arrangements with prescription drug Providers ("Participating Prescription Drug Providers") to provide prescription drug services to all persons entitled to prescription drug benefits under health policies and contracts to which Blue Cross and Blue Shield is a party, including all persons covered under this Certificate. Under its contracts with Participating Prescription Drug Providers, Blue Cross and Blue Shield may receive from these Providers discounts for prescription drugs dispensed to you. Actual discounts used to calculate your share of the cost of Prescription Drugs will vary. Some discounts are currently based on Average Wholesale Price ("AWP") which is determined by a third party and is subject to change.

You understand that Blue Cross and Blue Shield may receive such discounts. Neither the Group nor you are entitled to receive any portion of any discounts. The drug fees/discounts that Blue Cross and Blue Shield has negotiated with Prime Therapeutics LLC ("Prime") through the Pharmacy Benefit Management ("PBM") Agreement, will be used to calculate your share of the cost of Prescription Drugs for both retail and home delivery/specialty drugs. Except for home delivery/specialty drugs, the PBM Agreement requires that the fees/discounts that Prime has negotiated with pharmacies (or other suppliers) are passed through to the Plan (and ultimately to you as described above).

Coinsurance Amounts payable by you under this Certificate will be calculated on the basis of the Provider's Eligible Charge or the agreed upon cost between the Participating Prescription Drug Provider and Blue Cross and Blue Shield for a prescription drug, whichever is lower.

To help you understand how Blue Cross and Blue Shield's separate financial arrangements with Participating Prescription Drug Providers work, please consider the following example:

a. Assume you have a prescription dispensed and the normal, full amount of the prescription drug is $100. How is the $100 bill paid?

b. You personally will have to pay the Coinsurance Amount set out in this Certificate.

c. However, for purposes of calculating your Coinsurance Amount, the full amount of the prescription drug would be reduced by the discount. In our example, if the applicable discount were 20%, the $100

prescription drug bill would be reduced by 20% to $80 for purposes of calculating your Coinsurance Amount.

d. In our example, if your Coinsurance obligation is 25%, you personally will have to pay 25% of $80, or $20. You should note that your 25% Coinsurance is based upon the discounted amount of the prescription and not the full $100 bill.

For the home delivery pharmacy and specialty pharmacy program partially owned by Prime, Prime retains the difference between its acquisition cost and the negotiated prices as its fee for the various administrative services provided as part of the home delivery pharmacy and/or specialty pharmacy program. The Plan pays a fee to Prime for pharmacy benefit services. A portion of Prime's PBM fees are tied to certain performance standards, including, but not limited to, claims processing, customer service response, and home deliver processing.

"Weighted paid claim" refers to the methodology of counting claims for purposes of determining Blue Cross and Blue Shield's fee payment to Prime. Each retail (including claims dispensed through PBM's specialty pharmacy program) paid claim will be weighted according to the days' supply dispensed. A paid claim is weighted in 34-day supply increments so a 1 - 34 days' supply is considered 1 weighted claim, a 35 - 68 days' supply is considered 2 weighted claims and the pattern continues up to 6 weighted claims for 171 or more days' supply. Blue Cross and Blue Shield pays Prime a Program Management Fee ("PMF") on a per weighted claim days' supply.

The amounts received by Prime from the Plan, pharmacies, manufactures or other third parties may be revised from time to time. Some of the amounts received by Prime may be charged each time a claim is processed (or, in some instances, requested to be processed) through Prime and/or each time a prescription is filled, and include, but are not limited to, administrative fees charged by Prime to the Plan (as described above), administrative fees charged by Prime to pharmacies, and administrative fees charged by prime to pharmaceutical manufactures. Currently, none of these fees will be passed on to you as expenses, or accrue to the benefit of you, unless otherwise specifically set forth in this Certificate. Additional information about these types of fees or the amount of these fees is available upon request. The maximum that Prime will receive from any pharmaceutical manufacture for certain administrative fees will be 5.5% of the total sales for all rebatable products of such manufacture dispensed during any given calendar year to members of the Plan and other Blue Plan operating divisions.

5. **Blue Cross and Blue Shield's Separate Financial Arrangements with Pharmacy Benefit Managers**

Blue Cross and Blue Shield owns a significant portion of the equity of Prime Therapeutics LLC and informs you that Blue Cross and Blue Shield has entered into one or more agreements with Prime Therapeutics LLC or other entities (collectively referred to as "Pharmacy Benefit Managers") to provide, on Blue Cross and Blue Shield's behalf, Claim Payments, and certain administrative services for your prescription drug benefits. Pharmacy Benefit Managers have agreements with pharmaceutical manufacturers to receive rebates for using their products. The Pharmacy Benefit Manager may share a portion of those rebates with Blue Cross and Blue Shield. Neither the Group nor you are entitled to receive any portion of such rebates in excess of any amount that may be reflected in the premium.

Prime negotiates rebate contracts with pharmaceutical manufacturers on behalf of the Plan but does not retain any rebates (although Prime may retain any interest or late fees earned on rebates received from manufactures to cover the administrative costs of processing late payments). The Plan may receive such rebates from Prime.

6. **PAYMENT OF CLAIMS AND ASSIGNMENT OF BENEFITS**

a. Under this Certificate, Blue Cross and Blue Shield has the right to make any benefit payment either directly to the Provider of the Covered Services or to you, unless reasonable evidence of a properly executed and enforceable Assignment of Benefit Payment has been received by the Plan sufficiently in advance of the Plan's benefit payment. The Plan reserves the right to require submission of a copy of the Assignment of Benefit Payment. For example, Blue Cross and Blue Shield may pay benefits to you if you receive Covered Services from a Non-Plan Provider. Blue Cross and Blue Shield is specifically authorized by you to determine to whom any benefit payment should be made.

b. Once Covered Services are rendered by a Provider, you have no right to request Blue Cross and Blue Shield not to pay the Claim submitted by such Provider and no such request will be given effect. In addition, Blue Cross and Blue Shield will have no liability to you or any other person because of its rejection of such request.

c. Except for the Assignment of Benefit Payment described above, either this Certificate or a covered person's claim for benefits under this Certificate is expressly non-assignable and non-transferable to any person or entity, including any Provider, at any time before or after covered services are rendered to a covered person,

and Coverage under this Certificate is expressly non-assignable and non-transferable and will be forfeited if you attempt to assign or transfer coverage or aid or attempt to aid any other person in fraudulently obtaining coverage. Any such assignment or transfer of a claim for benefits or coverage shall be null and void.

7. **YOUR PROVIDER RELATIONSHIPS**

a. The choice of a Provider is solely your choice and Blue Cross and Blue Shield will not interfere with your relationship with any Provider.

b. Blue Cross and Blue Shield does not itself undertake to furnish health care services, but solely to make payments to Providers for the Covered Services received by you. Blue Cross and Blue Shield is not in any event liable for any act or omission of any Provider or the agent or employee of such Provider, including, but not limited to, the failure or refusal to render services to you. Professional services which can only be legally performed by a Provider are not provided by Blue Cross and Blue Shield. Any contractual relationship between a Physician and a Plan Hospital or other Plan Provider shall not be construed to mean that Blue Cross and Blue Shield is providing professional service.

c. The use of an adjective such as Plan or Participating in modifying a Provider shall in no way be construed as a recommendation, referral, or any other statement as to the ability or quality of such Provider. In addition, the omission, non-use, or non-designation of Plan, Participating, or any similar modifier or the use of a term such as Non-Plan or Non-Participating should not be construed as carrying any statement or inference, negative or positive, as to the skill or quality of such Provider.

d. Each Provider provides covered services only to you and does not deal with or provide any services to your Group (other than as an individual covered person) or your Group's ERISA Health Benefit Program.

8. **AGENCY RELATIONSHIPS**

The Group is your agent under this Certificate. The Group is not the agent of Blue Cross and Blue Shield.

All information you and the Group provide to Blue Cross and Blue Shield will be relied upon as accurate and complete. The Group must promptly notify Blue Cross and Blue Shield of any changes to such information.

9. **NOTICES**

Any information or notice which you furnish to Blue Cross and Blue Shield under this Certificate must be in writing and sent to Blue Cross and Blue Shield at its offices at 300 East Randolph, Chicago, Illinois 60601-5099 (unless another address has been stated in this Certificate for a specific situation). Any information or notice which Blue Cross and Blue Shield furnishes to you must be in writing and sent to you at your address as it appears on Blue Cross and Blue Shield's records or in care of your Group and if applicable, in the case of a Qualified Medical Child Support Order, to the designated representative as it appears on Blue Cross and Blue Shield's records. Blue Cross and Blue Shield may also provide such notices electronically, to the extent permitted by applicable law.

10. **LIMITATIONS OF ACTIONS**

No legal action may be brought to recover under this Certificate, prior to the expiration of sixty (60) days after a Claim has been furnished to Blue Cross and Blue Shield in accordance with the requirements of this Certificate. In addition, no such action shall be brought after the expiration of three (3) years after the time a Claim is required to be furnished to Blue Cross and Blue Shield in accordance with the requirements of this Certificate.

11. **INFORMATION AND RECORDS**

No modifications of the Group Policy will be valid unless evidenced by an endorsement or amendment of the Group Policy, signed by an executive officer of Blue Cross and Blue Shield and delivered to the Group.

17. **OVERPAYMENT**

If your Group's benefit plan or Blue Cross and Blue Shield pays benefits for eligible expenses incurred by you or your dependents and it is found that the payment was more than it should have been, or was made in error ("overpayment"), your Group's benefit plan and Blue Cross and Blue Shield has the right to obtain a refund of the overpayment from: (a) the person to, or for whom, such benefits were paid, or (b) any insurance company or plan, or

a. Any other persons, entities, or organizations, including, but not limited to, Participating Providers or Non-Participating Providers.

b. If no refund is received, your Group's benefit plan and/or Blue Cross and Blue Shield (in its capacity as insurer or administrator) has the right to deduct any refund for any overpayment due, up to an amount equal to the overpayment, from:

   i. Any future benefit payment owed to any person or entity under this Certificate, whether for the same or a different member; or,

   ii. Any future benefit payment owed to any person or entity under another Blue Cross and Blue Shield administered ASO benefit program; or,

   iv. Any future benefit payment, or other payment, owed to any person or entity; or,

   v. Any future payment owed to one or more Participating Providers or Non-Participating Providers.

Further, Blue Cross and Blue Shield has the right to reduce your Group's benefit plan or policy's payment to a Provider by the amount necessary to recover another Blue Cross and Blue Shield plans or policy's overpayment to the same Provider and to remit the recovered amount to the other Blue Cross and Blue Shield's plan or policy.

18. **FEDERAL BALANCE BILLING AND OTHER PROTECTIONS**

This section is based upon the No Surprises Act, a federal law enacted in 2020 and effective for plan years beginning on or after January 1, 2022. Unless otherwise required by federal or Illinois law, if there is a conflict between the terms of this **FEDERAL BALANCE BILLING AND OTHER PROTECTIONS** section and the terms in the rest of this Certificate, the terms of this section will apply. However, definitions set forth in the **FEDERAL NO SURPRISES ACT DEFINITIONS** provision of this section are for purposes of this section only.

**1. <u>Continuity of Care</u>**

If you are under the care of a Participating Provider as defined in this Certificate who stops participating in the Plan's network (for reasons other than failure to meet applicable quality standards, including medical incompetence or professional behavior, or fraud), you may be able to continue coverage for that Provider's Covered Services at the Participating Provider Benefit level if one of the following conditions is met:

a. You are undergoing a course of treatment for a serious and complex condition,

Blue Cross and Blue Shield of Illinois, a
Division of Health Care Service Corporation, a
Mutual Legal Reserve Company, an Independent
Licensee of the Blue Cross and Blue Shield Association

b. You are undergoing institutional or Inpatient care,

c. You are scheduled to undergo nonelective surgery from the Provider (including receipt of postoperative care from such Provider with respect to such surgery),

d. You are pregnant or undergoing a course of treatment for your pregnancy, or

e. You are determined to be terminally ill.

A serious and complex condition is one that (1) for an acute illness, is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm (for example, if you are currently receiving Chemotherapy, radiation therapy, or post-operative visits for a serious acute disease or condition), and (2) for a chronic illness or condition, is (i) life-threatening, degenerative, disabling or potentially disabling, or congenital, and (ii) requires specialized medical care over a prolonged period of time.

Continuity coverage described in this provision shall continue until the treatment is complete but will not extend for more than 90 days beyond the date The Plan notifies you of the Provider's termination, or any longer period provided by state law. If you are in the second or third trimester of pregnancy when the Provider's termination takes effect, continuity of coverage may be extended through delivery of the child, immediate postpartum care, and the follow-up check-up within the first six (6) weeks of delivery. You have the right to appeal any decision made for a request for benefits under this provision, as explained in the **CLAIM APPEAL PROCEDURES** provision in the **HOW TO FILE A CLAIM** section of this Certificate.

**2. Federal No Surprises Act Definitions**

The definitions below apply only to this **FEDERAL BALANCE BILLING AND OTHER PROTECTIONS** section. To the extent the same terms are also defined in the **DEFINITIONS SECTION** of this Certificate, those terms will apply only to their use in the Certificate or this **FEDERAL BALANCE BILLING AND OTHER PROTECTIONS** section, respectively.

"**Air Ambulance Services**" means, for purposes of this section only, medical transport by helicopter or airplane for patients.

"**Emergency Medical Condition**" means, for purposes of this section only, a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in a condition: (i) placing the health of the individual, or with respect to a pregnant woman her unborn child in serious jeopardy; (ii) constituting a serious impairment to bodily functions; or (iii) constituting a serious dysfunction of any bodily organ or part.

"**Emergency Services**" means, for purposes of this section only.

1. A medical screening examination performed in the emergency department of a hospital or a Freestanding Emergency Department;

2. Further medical examination or treatment you receive at a Hospital, regardless of the department of the Hospital, or a Freestanding Emergency Department to evaluate and treat an Emergency Medical Condition until your condition is stabilized; and

3. Covered Services you receive from a Non-Participating Provider during the same visit after your Emergency Medical Condition has stabilized unless:

    a. Your Non-Participating Provider determines you can travel by non-medical or Non-Emergency transport;

b. Your Non-Participating Provider has provided you with a notice to consent form for balance billing of services; and

c. You have provided informed consent.

"**Non-Participating Provider**" means, for purposes of this section only, with respect to a covered item or service, a Physician or other health care provider who does not have a contractual relationship with BCBSIL for furnishing such item or service under the Plan.

"**Non-Participating Emergency Facility**" means, for purposes of this section only, with respect to a covered item or service, an emergency department of a hospital or an independent freestanding emergency department that does not have a contractual relationship with BCBSIL for furnishing such item or service under the Plan.

"**Participating Provider**" means, for purposes of this section only, with respect to a Covered Service, a Physician or other health care Provider who has a contractual relationship with BCBSIL setting a rate (above which the Provider cannot bill the member) for furnishing such item or service under the Plan, regardless of whether the Provider is considered a preferred or in-network Provider for purposes of in-network or out-of-network benefits under the Plan.

"**Participating Facility**" means, for purposes of this section only, with respect to Covered Service, a Hospital or ambulatory surgical center that has a contractual relationship with BCBSIL setting a rate (above which the Provider cannot bill the member) for furnishing such item or service under the Plan, regardless of whether the Provider is considered a preferred or in-network Provider for purposes of in-network or out-of-network benefits under the Plan.

"**Qualifying Payment Amount**" means, for purposes of this section only, a median of contracted rates calculated pursuant to federal or state law, regulation and/or guidance.

"**Recognized Amount**" means, for purposes of this section only, an amount determined pursuant a state law that provides a method for determining the total amount payable for the item or service (if applicable); or, if there is no state law that provides a method for determining the total amount payable for the item or service, the lesser of the Qualifying Payment Amount or Billed Charges.

**3. Federal No Surprises Act Surprise Billing Protections**

The federal No Surprises Act contains various protections relating to surprise medical bills on services performed by Non-Participating Providers and Non-Participating Emergency Facilities. The items and services included in these protections ("Included Services") are listed below.

a. Emergency Services obtained from a Non-Participating Provider or Non-Participating Emergency Facility.
b. Covered Non-Emergency Services performed by a Non-Participating Provider at a Participating Facility (unless you give written consent and give up balance billing protections).
c. Air Ambulance Services received from a Non-Participating Provider if the services would be covered if received from a Participating Provider.

**Claim Payments**

For Included Services, the Plan will send an initial payment or notice of denial of payment directly to the Provider. Additionally, under Illinois law, in the event there is a payment dispute between the Non-Participating Provider and BCBSIL, and attempts to negotiate a payment resolution are unsuccessful, the Non-Participating Provider or BCBSIL may initiate binding arbitration.

**Cost-Sharing**

For Non-Emergency Services performed by Non-Participating Providers at a Participating Facility, and for Emergency Services provided by a Non-Participating Provider or Non-Participating Emergency Facility, the Recognized Amount is used to calculate your cost-share requirements, including Deductibles, Copayments, and Coinsurance.

Blue Cross and Blue Shield of Illinois, a
Division of Health Care Service Corporation, a
Mutual Legal Reserve Company, an Independent
Licensee of the Blue Cross and Blue Shield Association

For Air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider, the amount used to calculate your cost-share requirements, including Deductibles, Copayments, and Coinsurance, will be the lesser of the Qualifying Payment Amount or Billed Charges.

For Included Services, these cost-share requirements will be counted toward your Participating Provider Deductible and/or Out-of-Pocket Limit, if any.

**4. Federal No Surprises Act Prohibition of Balance Billing**

You are protected from balance billing on Included Services as set forth below.

If you receive Emergency Services from a Non-Participating Provider or non-Participating Emergency Facility, the most the Non-Participating Provider or non-Participating Emergency Facility may bill you is your in-network cost-share. You cannot be balance billed for these Emergency Services unless you give written consent and give up your protections not to be balanced billed for services you receive after you are in a stable condition.

When you receive Covered Non-Emergency Services from a Non-Participating Provider at a Participating Facility, the most those Non-Participating Providers may bill you is your Plan's in-network cost-share requirements. When you receive emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services at a Participating Facility, Non-Participating Providers can't balance bill you and may not ask you to give up your protections not to be balance billed. If you get other services at Participating Facilities, Non-Participating Providers can't balance bill you unless you give written consent and give up your protections.

If your Plan includes Air Ambulance Services as a Covered Service, and such services are provided by a Non-Participating Provider, the most the Non-Participating Provider may bill you is your in-network cost-share. You cannot be balance billed for these Air Ambulance Services.

## REIMBURSEMENT PROVISION

If you or one of your covered dependents incur expenses for sickness or injury that occurred due to the negligence of a third party and benefits are provided for Covered Services described in this Certificate, you agree:

1. Blue Cross and Blue Shield has the right to reimbursement for all benefits Blue Cross and Blue Shield provided from any and all damages collected from the third party for those same expenses whether by action at law, settlement, or compromise, by you or your legal representative as a result of that sickness or injury, in the amount of the total Eligible Charge or Provider's Claim Charge for Covered Services for which Blue Cross and Blue Shield has provided benefits to you, reduced by any Average Discount Percentage ("ADP") applicable to your Claim or Claims.
2. Blue Cross and Blue Shield is assigned the right to recover from the third party, or his/her insurer, to the extent of the benefits Blue Cross and Blue Shield provided for that sickness or injury.

Blue Cross and Blue Shield shall have the right to first reimbursement out of all funds you, your covered dependents, or your legal representative, are or were able to obtain for the same expenses for which Blue Cross and Blue Shield has provided benefits as a result of that sickness or injury.

You are required to furnish any information or assistance or provide any documents that Blue Cross and Blue Shield may reasonably require in order to obtain our rights under this provision. This provision applies whether or not the third party admits liability.
